REVENUE

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Revenue),—dated 8th June 1889.*

READ THE FOLLOWING PAPERS :—

From the Chief Secretary to the Dewan of Mysore, To the Superintendent,
Mysore Revenue Survey, No. 3258—58, dated 22nd July 1886.

It having been brought to the notice of the Dewan that lands containing date trees are indiscriminately granted for cultivation in the Mysore District, especially in Taluks to which the Survey Settlement has not been extended, I am directed to request that in Taluks still remaining to be settled you will be so good as to take steps for the proper demarcation of toddy topes from which toddy is at present drawn, and of which a list will be furnished to you by Messrs. Davy, Muddappa and Co., Toddy Contractors of the Mysore District. The demarcation now ordered is intended to prevent the growth of occupancy rights in these topes from which a large revenue is derived by Government, and it is desirable I am to add to carry it out in the manner laid down for Amrut Mahal Kavals.

In regard to toddy topes in the settled Taluks of Heggaddevankote, Yedatore and Hunsur, a separate communication will be made on completion of the enquiries which are now being made in regard to them.

No. 3856-61—144, dated 7th August 1886.

ORDER.—With reference to the orders noted in the margin, prohibiting the grant of lands containing date trees for cultivation, the Dewan observes that the restriction as

Proceedings No. 2827-57, dated 21st August 1883.
Proceedings No. 3593-91, dated 11th September 1884.

it now stands is too general, and he is of opinion that it should be confined to topes actually required for the purpose of the toddy contract. The Deputy Commissioners of Districts are accordingly requested, in consultation with the Toddy Contractors or their agents, to cause a statement to be prepared in the accompanying form showing the situation, numbers, extent and assessment of all lands from which toddy is at present drawn, whether such lands be in the possession of raiyats or Government. The statement should be prepared for each taluk separately with the assistance of the Toddy Amins and sub-contractors and the village officials, and when completed, should be submitted to this office for record. On receipt of such lists, orders will issue restricting the operation of the existing orders to lands included in them. The necessary instructions should be at once issued to the Amildars concerned.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Revenue),—dated 8th June 1889.*

Letter No. 945, dated 15th March 1887, from the Deputy Commissioner of Bangalore and letter No. 268—80, dated 7th May 1888, from the Deputy Commissioner of Kolar, submitting lists of lands containing date trees from which toddy is at present drawn.

No. 1978-87—47, DATED BANGALORE, 8TH JUNE 1889.

ORDER THEREON.—The lands as per accompanying Statement A in the Taluk of Bagepalli in the Kolar District, and in the Taluks of Bangalore, Doddballapur and Devanhalli in the Bangalore District, are ordered to be reserved for purposes of the toddy revenue. These lands should not be given out for cultivation without the sanction of Government obtained upon a special report submitted by the Deputy Commissioner in exceptional cases.

2. In the accompanying Statement B are specified certain lands in the aforesaid taluks which the Deputy Commissioners recommend for reservation though they are not in the possession of the Government. It is not desirable to acquire these lands at present, but should they, at any future time, be relinquished, they should not again be given out for occupation.

3. The Deputy Commissioners of Bangalore and Kolar are requested to cause to be duly recorded in the Village Account No. 1 the reservations above ordered and to enjoin upon the local Revenue officials, close watchfulness to ensure their due enforcement. Where lands in Statement B are close to Government date groves care should be taken to prevent encroachment.

4. It is reported that in the Chikballapur, Malur, Sallaghatta and Bowringpet Taluks in the Kolar District, and in the Hoskote and Anekal Taluks in the Bangalore District, there are no date groves from which toddy is now drawn.

5. Orders have already been passed on the lists received from the Tumkur, Shimoga, Katur and Chitaldroog Districts in Proceedings Nos. 7462-9—202 and 353—12, dated 25th February and 19th April 1889 respectively.

6. In regard to the taluks in which specific fields are ordered to be reserved for purposes of toddy revenue as above, the restriction contained in the Order No. 3593—81 of 11th September 1884 against the grant for occupation of lands on which there are date trees, is hereby withdrawn.

7. In the Chitaldroog District, there is an extensive area under date trees. This area is capable of very considerable reduction in so far as the toddy revenue is concerned, and the Deputy Commissioner of that District is accordingly requested to make a careful enquiry and report the minimum extent required to be reserved in each taluk for the purpose of the toddy revenue above, excluding therefrom all tops from which toddy may now be drawn for the manufacture of jaggory. It is obviously most undesirable that extension of cultivation should be prevented by the reservation of every Government land on which there may be date trees without reference to the fact whether such trees are really required for the purpose of the toddy revenue or not. The Government are willing to make a very liberal allowance, but the reservations recommended by the Deputy Commissioner are far in excess of the highest possible demands of the toddy revenue. It is perhaps desirable on many grounds to give a temporary lease of some of the lands in question for the purpose of manufacture of jaggory, on the expiry of the present toddy contracts, and the Deputy Commissioner of Chitaldroog is accordingly requested to submit an early report upon the entire question.

8. In the Mysore District where a special agency has been employed, lists of reservations required have been received for the Taluks of Attikuppa, Nagamangala, Seringapatam, Mysore, Heggaddevankote and Hunsur, and separate orders will be passed upon them.

9. The Deputy Commissioners of Bangalore, Mysore and Kolar are requested to expedite the submission of lists for the remaining taluks of their Districts and the Deputy Commissioner of Hassan to submit lists for the taluks in that District without further delay.

R. VIJAYINDRA RAO,
Chief Secretary.

READ THE FOLLOWING PAPERS:—

Letter from the Deputy Commissioner, Mysore District, No. 850 of 27th March 1889, regarding the grant of temporary passes by the Toddy Contractors, pending the issue of formal licenses by the Deputy Commissioner.

Docket from Deputy Commissioner, Mysore District, No. 105, dated 20th May 1889.

No. 2209-17—CIR. 51, DATED MYSORE, 8TH JUNE 1889.

ORDER THEREON.—The Deputy Commissioner reports that the privilege conceded to the Toddy Contractors in the Dewan's Proceedings, dated 1st November 1881, No. 6105-14—179, and 13th November 1883, No. 48, is abused by them and recommends modification of the rules.

2. The Proceedings quoted direct that toddy licenses to retail vendors may be issued by the Deputy Commissioner through the contractors on their application under certain conditions, and that the contractors may, pending the receipt of the license, issue their own passes as a temporary arrangement authorizing the retail vend in the meantime. The abuse charged against the contractors is mainly that they delay their applications considerably.

3. This irregularity must at once be remedied but the Government are inclined to think that the withdrawal from the contractors of the power to issue temporary passes would reach far deeper than the evil complained of especially as from the list submitted with the letter read above, it is plain that between the date of application by the contractor and the grant of licenses by the Deputy Commissioner, the long interval of more than a month, in some cases, of even two and three months, has taken place.

4. Under such circumstances, the Government are pleased to prescribe the accompanying form for temporary passes to be issued by the contractors (under Order No. 48, dated 13th November 1883), pending the issue of formal licenses by the Deputy Commissioner and for the purpose of legalizing the sale of toddy under such passes in the interval.

5. When the temporary pass is not issued in the form prescribed as above and with the certificate at the foot thereof duly filled in, the same shall be null and void and have no effect whatever in legalizing the sale of toddy under it.

6. This order should be communicated to the contractors for their guidance and they should be warned not to issue a single pass before actually posting the application for the license.

READ THE FOLLOWING PAPER :—

Letter No. 31, dated 22nd February 1889, from the Deputy Commissioner, Hassan District, submitting report on the petitions of Sahukar Bharmanna, Karadi Anantappa and others of Channarayana Taluk,

No. 1726—72, DATED BANGALORE, 6th JUNE 1889.

ORDER THEREON.—The papers read above relate to the disposal of 62 acres and 5 guntas assessed at Rs. 310—4—0 and belonging to the Sarvamanyam Village of Sravana Belgola in the Channarayana Taluk. The village which is under Government management has been surveyed and settled.

2. The lands under dispute are reported to be valuable and the question raised is whether they should be confirmed to the cultivators upon the survey assessment, or whether they should be sold subject to such assessment, or whether they should be registered as belonging to the *Pannia* or private Khate of the Inamdar (the Sravana Belgola Matt). Sahukar Bharmanna is one of the applicants for the land and urges that the Government may favorably consider his request as he proposes to endow his "Anna Chattra" with the proceeds of this wet land. He is willing to pay to the Matt the survey assessment and is prepared to buy the land at a fair valuation.

3. As regards the several claims, the strongest of course is that of the raiyats who have cultivated under the Batayi system, paying half the produce as *Varam* rent. The Deputy Commissioner has enquired into their claim with some care and is of the opinion that the raiyats of Survey No. 141—46 acres and 32 guntas—have cultivated this extent from 1865—66 without interruption, that the raiyats of No. 26 have cultivated 7 acres and 12 guntas during the past 12 years and that the cultivation of these 7 acres and 34 guntas has commenced from comparatively recent dates. After careful consideration, the Government are of opinion that none of the raiyats in question can be regarded as *Katim* tenants as defined in the Revenue Code, and that they are mere tenants-at-will under the Inamdar.

4. The Government has no right to create new occupancy rights by conversion of Batayi into Nagadiyat in an Inam village under Government administration on trust, unless it can be shown that such conversion is for the benefit of the Inamdar. In the present case it is abundantly clear that the Matt will lose by the conversion and the Government accordingly directs that the lands in question be registered in the khate of the Matt, and leased to the present cultivators on an annual tenancy on the terms hitherto usual.

5. Vernacular Proceedings are returned.

*Findings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 7th June 1889.*

2. *Receipts.*—The total receipts of the Municipality for 1889—90 are estimated at Rs. 1,02,590 against Rs. 1,07,464, the actuals of 1887—88, and Rs. 96,369, the estimate for 1888—89. The variations between the 2 estimates are explained by the Vice-President but not the variations between the actuals of 1887—88 and the estimate of 1888—89. The actuals afford better data for the estimate and the Vice-President is requested in future to explain the variations between the actuals and the estimates also.

3. The chief variations between the actuals of 1887—88 and the estimate of 18 9—90 are under the heads noted in the margin.

Heads.	Increase.	Decrease.
I. Octroi ...	...	1,907
II. House Tax	1,033	...
III. License Receipts ...	983	...
VIII. Rents from Markets and Lands	1,174	...
X. Miscellaneous.—(1) Contributions ...	...	8,300

4. The decrease under Item I is probably due to the uncertainty of the revenue under the head. The estimate is apparently based on the actual receipts of the first six months of 1888—89 which amounted only to Rs. 10,580 and will be passed.

5. The increase under House Tax is due to the increase in the annual rent value of house property, while that under License Receipts is mainly owing to the opening of a new beer tavern and to the increased revenue expected from the excess sales of arrack and from hackney carriages, &c. The increase estimated is moderate and will be passed.

6. The Municipality propose to lease out in future all waste lands belonging to it and expect an increase of Rs 921 from that item under VIII. Rents and an increase of Rs. 254 is expected from the rent of market stalls. It is not explained how the waste lands proposed to be leased out have been hitherto dealt with and how they are proposed to be utilized in future. Explanation should be furnished on this point.

7. Under Contributions, the estimate for 1889—90 includes the usual items, while the actuals for 1887—88 comprised special additional grants made to the Municipality from Provincial Funds as noted in the margin: hence the decrease referred to under this head.

Govt. grant on account of decorations on the occasion of the Viceroy's Visit to Bangalore in 1887 ...	7,000
Additional grant by the Public Works Department for the Suburban Roads ...	1,000

8. With reference to the estimate under X (f) Sale of manure which is Rs. 200 more than the actuals of 1887—88 but consistent with the realizations during the first six months of 1888—89, the Vice-President is requested to submit at an early date the information called for in para 4 of the Dewan's Proceedings No. 2970—81, dated 14th July 1888.

9. No explanation has been submitted for the omission of the items noted in the margin, though information was called for in para 6 of the Dewan's Proceedings of 14th July 1888 referred to. Probably they are included under other heads in the Budget. The Vice-President is requested to explain the matter.

Beef stalls' rent.	
Rents from Poultry market.	
License fee for pony stalls.	
License fee for excess sales of Beer.	

10. The provision under "X Miscellaneous, Other items" amounting to Rs. 2,510 includes Rs. 75 and 150 on account of savings from Langarkhana and the Government Chattram respectively. The Vice-President explains that these amounts are expected to be refunded by the Superintendent of these institutions as unexpended money out of the fixed allotments for them, *vis.*, Rs. 1,800 and 1,657 respectively

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial).—dated 7th June 1889.*

tered in the Budget. These items need not appear under receipts but should in part of the opening balance. They will accordingly be struck out under receipts and the amounts included in the opening balance for the year.

11. *Expenditure.*—The total expenditure estimated for 1888—89 is Rs. 1,02,366 against Rs. 95,767, the actuals of 1887—88, and Rs. 93,862, the estimate for 1888—89. The increase is chiefly under Public Works.

12. Under Establishments, it is proposed to increase the pay of the Collector and Ex-officio Manager from Rs. 85 to 100 and to give an increase of Rs. 5 to the y (Rs. 20) of the Clerk and Record-keeper and accordingly an increase of Rs. 240 provided in the estimate. This is passed. The pay of the Municipal Public Works overseer is also proposed to be increased from Rs. 50 to 65. The Overseer was only appointed in May 1888 and an increase of pay appears to be too early but the Government do not wish to interfere with the action with the Municipality. The other items under this head do not call for remark.

13. Under Public Works, a provision of Rs. 10,550 is made for original works as shown in the margin against Rs. 2,334, the actuals of 1887—88. The provision will be retained, but the Vice-President should understand that no original works costing Rs. 500 and upwards should be undertaken before their estimates are submitted to Government with explanations as to the necessity for the works and their sanction obtained. He should also see that the sanctions of the Municipality for smaller works are also duly communicated to Government as directed in the Swan's Proceedings, dated 11th March 1889, No. 7869-70—759.

14. Under Education, a provision of Rs. 17,994 is made against 16,700, the actuals of 1887—88 and Rs. 16,932, the estimate for 1888—89. A portion of the increased provision Rs. 360 is to be met from new contribution expected on account of the Sanskrit College and the remainder is intended to be appropriated for additional grants. The provision includes the grants (Rs. 9,000) usually made to the Institutions noted in the margin and the Municipal Board request

Proceedings of the Government of His Highness the Maharaja of Mysore, (Mannar),—dated 5th July 1889.

The addition of Rs. 100 to the current year's estimate is owing to the increase in the number of oil-mills.

Under this head Rs. 100 have been entered more than the current year, as the number of carts plying for hire is on the increase.

Re. \$00 have been entered over the estimate of the current year, as increased revenue is expected from rent of market stalls.

It is proposed to lease out all waste lands belonging to the Municipality, hence increase in the estimate for next year.

Rs. 100 have been entered over the estimate of the current year, as increased revenue is expected under this head.

The estimate under this head has been calculated on the actual collections received for the past 3 years, hence an increase of Rs. 200 has been entered.

The increase is owing to the sale proceeds expected from sale of manure in the Port.

7. The small increase calls for no particular remark.

Since the sale proceeds from pasture lands in the Fort will be brought under this head, an increase of Rs. 460 has been entered.

A small decrease; calls for no particular remark,

No. do Rs. 225 entered in the Budget have been included in the opening balance.

The increase under this head is owing to additional contributions collected from Sivaganga Matt.

				Total Rs.	39	Per Mensem.

Commissioner, Kadur, has provided for 7 Watcher or one less than in the past year owing to the transfer to the Revenue Department of the Watcher at Balehonnur Bungalow, since it was temporarily raised from the 3rd to the 2nd Class in accordance with Notification No. 147, dated 31st October 1888. The Deputy Commissioners of the Mysore, Hassan, Shimoga and Chitaldroog Districts recommend the entertainment of the marginally noted Sweepers and Watchmen costing in all Rs. 468 per annum. This is sanctioned.

tioned. The provision of Rs. 228 made by the Deputy Commissioner, Mysore District, for the increase of pay from Rs. 4 to 5 to 19 of the existing number of Sweepers, which is said to be necessary in order to secure better men or caste men for Travellers' Bungalows, most of which have been provided with cook rooms for caste travellers, is also approved. As regards the provision of Rs. 72 entered in the budget of the Hassan District for the pay of a Watchman proposed for the Siv temple at Arsikere, the Local Fund Board, Hassan remark

*Vide Para (d) Resolution II of Proceedings, dated 27th November 1888.

that the temple is one of architectural interest, that no worship is conducted in it, and that they would be prepared to provide for its watch rather than suffer such an interesting structure to be injured beyond reparation, in the event of the Government in the Archaeological or in the Muzarayi Department being unable to make the necessary provision. This item as well as the sum of Rs. 60 entered without explanation in the budget of the Kolar District for the pay of the Sweeper for the chattram at Chikballapur is a legitimate charge upon Provincial or Muzarayi funds and is therefore struck off the District Fund budget.

4. *III. MEDICAL—Nurses.*—The provision of Rs. 300 made in the budget of the Mysore District on account of the moiety of the pay of two Nurses for Nanjangud and Chamrajnagar, sanctioned in Dewan's Proceedings No. 1034—36, dated 7th September 1888, is passed.

5. *Maharani's Female Hospital.*—The Civil Surgeon at Mysore reports that the expenditure in the Maharani's Hospital is increasing; the Board recommend that the Local Funds may not be debited with charges on account of medical institutions at Mysore. Orders in respect of this subject will be separately issued.

*Para 4 of Proceedings, dated 29th January 1889.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 10th June 1889.*

6. *Dispensaries.*—Provision has been made for the new Dispensaries sanctioned for Bowringpet and Srinivasapur in the Kolar District, Mandya, Attikuppa and Tirumakudlu-Nasipur in the Mysore District and Kumsi in the Shimoga District. The proposal of the Mysore Local Fund Board made in para 12 of their Proceedings, dated 29th January 1889, for the establishment of a Local Fund Dispensary at Bannur should be submitted through the Senior Surgeon.

7. The Deputy Commissioner, Kadar District, is requested to expedite the submission of the information called for in para 6 of Dewan's Proceedings No. 2187-97—56, dated 6th July 1888, regarding the Dispensary at Solleball, the establishment of which was *sanctioned on 24th February 1888.

8. In accordance with Dewan's Proceedings No. 7673-5—72, dated 2nd March 1889, the whole cost of the Haliyar Dispensary minus Rs. 50, being the annual contribution promised by the Municipality, is debitable to District Funds, whereas the Deputy Commissioner, Tumkur, provides only $\frac{3}{4}$ of its cost as in the past year. In the *supplemental budget of the Mysore District full charge on account of house rent for each of the Dispensaries at Malvalli, Mandya and Attikuppa has been erroneously entered, and the Deputy Commissioner, Shimoga, provides Rs 180 and 6 on account of contingencies of the Nagar Dispensary and the pay of the Compounder of the Kumsi Dispensary instead of Rs. 120 and 56 respectively. The above alterations will be made in the respective budgets.

9. No provision is made in the Hassan budget for the travelling allowances of the Hospital Assistants in charge of the Local Fund Dispensaries, while lump sums are entered in the budgets of other Districts, except Tumkur; in this District budget, the Deputy Commissioner has shown the amount debitable to each Dispensary, the usual quota being chargeable to Municipal Funds.

10. *Feeding of In-patients.*—The marginally noted budgets provide for the feeding of in-patients in Dispensaries and in the Mysore budget a sum of Rs. 390 is allotted for the purchase of 26 cots for the use of 13 Dispensaries in the District. These allotments will be allowed to stand, but the Deputy Commissioners of Districts (Tumkur excepted) are requested to incur no expenditure under the head till the submission of the report called for in paras 7 and 11 of Dewan's Proceedings Nos. 1721-32—46 and 2187-97—55, dated respectively 2nd July 1887 and 6th July 1888.

11. *IV. Animal Vaccination.*—Under the head "Animal Vaccination," the provisions as detailed below are passed. The Deputy Commissioner will however report the probable amount required for each of the Municipal towns, as one-third of the charges incurred on this account is debitable to Municipal Funds.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 10th June 1889.*

13. In para II (a) of their Proceedings, dated 27th November 1888, the Local Fund Board at Hassan propose to allot Rs. 120 for conservancy charges on the occasion of the car festivals at Kenchamanhoskote, Trupati, Ramanathpur and Mavinkere at Rs. 30 each. The proposal is sanctioned

14. All the Deputy Commissioners except Kadur have made provisions in their budgets for travelling allowance to the representatives attending the Dasara Meeting. This will be disallowed. The attention of the Deputy Commissioner is invited to this Office Notification No. 1701—1702, dated 8th November 1888.

15. *Other items.*—The provisions under other items for unforeseen expenditure entered in the current year's budgets of Bangalore, Kolar, Shimoga and Kadur are approved; appropriation from this head is subject however to previous sanction of Government.

16. With the foregoing remarks the budget estimates of Civil charges debitable to District Funds amounting to Rs. 52,541 are sanctioned as shown in the margin

R. VIJAYINDRA RAO,
Chief Secretary.

PART I. GENERAL.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 3rd June 1889.*

READ THE FOLLOWING PAPER :—

Report on the Police Administration of Mysore for the year 1887.

No. 1829—199, DATED 3RD JUNE 1889.

REVIEW THEREON.—The Police administration of the year 1885 was marked by the creation of a new post of Inspector General for the Province, the Deputy Commissioners being still responsible for the general administration of the Department in their respective Districts, aided by an Assistant Commissioner who has direct charge of the Force, its discipline, &c.

2. The total budget grant for the year 1887—88 was Rs. 5,91,000 against Rs. 5,07,782 in 1886 and Rs. 5,04,893 in 1885.

3. The total actual strength of the Police Force at the close of the year under review was 4,746 or 130 men below the sanctioned strength as compared with 4,171 in 1886 and 3,984 in 1885. The great majority of the officers and men were Muhammadans and Hindus other than Brahmans.

4. During the year 1887 an addition of 147 Constables with 15 Dafadars, 7 Jamadars and one European Inspector was made to the Police Force, the increase being distributed among the Kolar, Shimoga, Chitaldroog and Kadur Districts.

5. The total cost of the Force was Rs. 5,72,977 or Rs. 23,728 more than in 1886. The increase was under the head of pay and allowances and under contingencies due to the increase in strength. It was distributed as follows :—

General Police duties	...	...	...	...	3,954
Jail Guards	...	...	...	...	30
Treasury and Miscellaneous	...	...	...	...	221
Town duties	...	...	...	...	541
Total..					4,746

6. The proportion of Police to population in the towns of Bangalore and Mysore was 1 to 308 and 1 to 277 respectively, and in rural parts the proportion was 1 to 1,037. In the Chitaldroog, Kolar and Kadur Districts, the proportions were 1 to 795, 1 to 875 and 1 to 968 respectively.

These figures do not vary very much from those of the adjoining Districts of the Madras Presidency. The proportion of the whole Police Force to population in the Bellary, North Arcot and South Canara Districts was 1 to 1,044, 1 to 1,510 and 1 to 1,701 respectively.

The general proportion of Police to area was 1 to 6 square miles.

7. The average cost of a Police man increased from Rs. 111—3—5 in 1886 to Rs. 119—3—5 in the year under review.

The strength and cost of the Police Force in the towns of Bangalore and Mysore were as follow :—

				Officers.	Men.	Cost.
Bangalore	...	...	...	24	180	22,590
Mysore	...	...	...	23	197	22,975

8. It is pointed out that the demand for labor in the coffee tracts of the Kadur District and the Gold Mines of the Kolar District renders recruiting, a matter of much difficulty in those Districts, and is prejudicial to the efficiency of the Police. 419 persons were enlisted during the year ; 26 took pensions or retired on gratuity against 27 in 1886 and 43 in 1885 ; 73 resigned and 74 died ; desertions numbered 19 against 24 in 1886 and 46 in 1885.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 3rd June 1889.*

9. Out of the total number of 4,736 subordinate officers and men, 1,631 were punished in 1887, 1,598 departmentally and the rest judicially. The total number of punishments was 1,152 in 1886 and 1,351 in 1885. They varied from 431 in Kadur to 73 in Kolar. The most numerous item of punishment was that of small fines below one rupee. Deducting these, it is observed that the returns compare favorably with those of the surrounding districts of the Madras Presidency. In the table giving the punishments inflicted departmentally, the number of subordinate officers and men fined should be shown separately from the number punished with forfeiture of pay for absence without leave.

10. Two hundred and sixty-eight of the total number of subordinate officers and men were rewarded by promotion, and 66 received pecuniary rewards. The number of rewards by promotion and money rewards were respectively 216 and 13 in 1886 and 115 and 14 in 1885. In 1887 Shimoga showed the largest number of promotions (61) and Chitaldroog headed the list in the number of money rewards (35).

11. The health of the Force was generally better during the year 1887 than in 1886. The percentage of men in Hospital during the year was 16.8 against 20.6 in 1886. Admissions were proportionately most numerous in the Mysore Town (49.7 per cent), in the Mysore District (31.4 per cent) and Shimoga (25.7 per cent).

12. The number of subordinate officers able to read and write in 1887 was 430 against 413 in 1886 and 431 in 1885, but that of Constables was only 1,540 against 1,568 in 1886. These proportions do not compare favorably with those of the neighbouring Districts of North Arcot, Coimbatore and South Canara as shown in the margin. The Police schools appear to be doing good work. Increased attention should be paid to the important matter of the education of the Force. The number under tuition was 370 against 146 in 1886 and 146 in 1885.

Total strength on 31st December 1887.		Number of Police who can read and write.		the neighbouring Districts of North Arcot, Coimbatore and South Canara as shown in the margin. The Police schools appear to be doing good work. Increased attention should be paid to the important matter of the education of the Force. The

South Canara ...	11	572	11	373

13. The need of arming the Force uniformly is urged by the Inspector General. It is pointed out that the Barr muskets in use are obsolete and cannot be relied on to shoot with accuracy. The point is under the consideration of the Government.

14. With regard to the general question of the remuneration of Talavars, Begars, &c., the Dewan fully agrees in the desirability of recognizing the position of the Village Police in the Malnad and linking it closely with the District Force, as also the urgency of putting it on an efficient footing. The whole question is receiving the attention of Government.

15. There were 46 persons tried for bad livelihood, of whom 27 were convicted. The law in regard to demanding security from persons of bad livelihood is apparently very unequally worked in the Districts. There were no prosecutions for bad

livelihood in the Districts of Kolar, Shimoga and Chitaldroog. The returns do not show the number of persons under Police surveillance.

16. The number of offences cognizable by the Police reported during the year was 5,498 as compared with 5,652 in 1886 and 6,795 in 1885.

There was a decrease of 2 under Class I "Offences against the State, Public Tranquillity, Public Justice, &c.," of 39 under Class II "Serious offences against the person," of 23 under Class III "Serious offences against the person and property" and of 424 under Class IV "Minor offences against the person." On the other hand, there was an increase of 83 under Class V "Minor offences against property,"

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 3rd June 1889.*

and of 251 under Class VI "Other offences" due chiefly to cases under the Excise Act and to prosecutions for nuisances of various sorts.

There were 49 murders in 1887 against 48 in 1886 and 58 in 1885. Of these, 3 were by poison and 46 were murders of other kinds. Only 17 cases were detected against 16 in 1886 and 11 in 1885. The percentage of convictions for murder to persons arrested was 25·84 against 30·3 in 1886 and 24·7 in 1885, and that to persons actually tried was 36·5. This is an unfavorable result. More than half of all the murder cases came from Kolar, Mysore and Hassan.

There were 29 cases of culpable homicide against 19 in 1886 and 31 in 1885. In culpable homicide the Police got convictions in 5 cases. Grievous hurt fell from 81 to 76 cases.

The number of cases under the principal heads of Class III "Serious offences against the person and property or against property only" was as follows:—

	1885.	1886.	1887.
Dacoity	62	74	43
Robbery with hurt (by poison) ..	0	1	2
Do (by other means)	1	5	5
Robbery (in dwelling house) ...	8	3	7
Do (on the highway)	24	20	16
Other robberies	16	52	48
Lurking house-trespass, house breaking, &c. ...	863	639	702
House-trespass	21	10	10
Serious mischief and cognate offences ...	58	64	94

The worst Districts for dacoity and serious robbery were Tumkur, Shimoga and Mysore.

There were 2,754 offences under Class V "Minor offences against Property" against 2,671 in 1886 and 3,240 in 1885.

Cattle theft is evidently not prevalent in most part of the State.

The total number of cognizable cases reported during the year and pending from the previous year was 6,573. Of these, 3,080 were struck off as false. In 2,168 out of the remaining 3,293 cases, convictions were obtained. The percentages of convictions to true cases investigated in 1885, 1886 were 88·2 and 73·6 respectively. Of 5,269 persons arrested in 1887, 3,461 or 65·6 per cent were convicted against 63·2 per cent in 1886 and 53·73 per cent in 1885. The percentages of convictions to arrests in the different Districts were Mysore 46·5, Kādur 57·3, Kolar 46·08, Chitaldroog 52·9, Tumkur 55·8, Hassan 51·07, Shimoga 57·8 and Bangalore 68·7. The best results were obtained in the Town of Bangalore (97·6).

The statement showing the results of investigations by the Police is unfavorable to the Districts of Shimoga and Chitaldroog where only 24·07 and 22·2 per cent respectively of cases investigated under Class III, "Serious offences against person and property or against property only" were successful.

17. Three thousand and eighty cases were struck off out of a total of 6,573 cases reported and pending in 1887 as compared with 2,790 out of 6,615 in 1886 and 3,460 out of 7,273 in 1885.

The percentages of cases struck off as false to cases reported were highest in Kādur (69·3), Hassan (67·4) and Shimoga (56·06). The percentages were lowest in the towns of Bangalore (6·004) and Mysore (23·3). The proportions in Bangalore, Tumkur, Mysore and Chitaldroog were above 40 per cent.

18. The number of persons arrested by the Police was 5,269, of whom 3,461 were convicted, the percentage being 65·6 against 63·2 in 1886 and 53·73 in 1885. The highest percentage is shown by Bangalore (68·7) and the lowest by Kolar (46·08). The statistics regarding arrests are not generally unfavorable. They are bad in most Districts in regard to heinous offences.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 3rd June 1889.*

19. The gross value of property stolen during the year was Rs. 63,750 and of recovered property Rs. 16,286 or 25·5 per cent of the amount stolen. In 1885 and 1886, the percentages were 19·72 and 37·1 respectively.

20. Previous convictions were proved against 60 offenders.

21. The Police were employed in investigating 431 non-cognizable cases as compared with 578 in 1886 and 544 in 1885. The number of persons arrested or summoned to appear before Magistrates was 1,068; 851 of these were convicted and 138 acquitted; 22 remained awaiting trial at the close of the year under review.

22. The number of cases of suicide was 149 against 143 in 1886 and 164 in 1885, and the number of accidental deaths was 919 as compared with 1,209 in 1886 and 1,242 in 1885. Of these latter 579 were cases of drowning, 61 deaths were due to falls from trees and 110 resulted from snake-bites; the remainder being due to various other causes not specified.

23. There was falling off in the total figure of processes served by the Police. The number of processes served from 1885 to 1887 inclusive was as follows :—

					Warrants.	Summons.
1885	...	...	...	...	2,661	48,607
1886	...	..	...	...	3,388	48,060

The Report on the working of the Indian Companies Act X of 1866 in Mysore during the year 1888—89.

No. 1819—197, DATED 3RD JUNE 1889.

REVIEW THEREON.—With an addition of 68 Joint-Stock Companies having an aggregate nominal capital of Rs. 13,77,695 registered during the year under review, the number of institutions under registry at the close of 1888—89 was 181 with an aggregate nominal capital of Rs. 66,49,970, and a paid-up capital of Rs. 14,92,311.

2. The working Companies are classified as follows :—

	No	Nominal Capital.	Paid-up Capital.
Banking or Loan Companies ..	123	38,89,470	9,16,761
Banking and Insurance Companies	4	95,000	80,464
Trading Companies ..	8	7,28,000	4,56,276
Total. . .	135	47,12,470	14,53,501

The registered offices of 24 of these Companies were at Bangalore, 20 at Mysore, 16 at Kolar, 13 at Hassan, 13 at Sidlaghatta and 12 at Chikballapur.

3. The registration fees collected during the year under notice amounted to Rs. 3,821—11—2, being Rs. 3,132—10—5 in excess of the income of the previous year, owing mainly to the unusually large number of small benefit Societies, or "Nidhis" which were registered during the year.

READ THE FOLLOWING PAPERS --

From the Senior Surgeon and Sanitary Commissioner with the Government of
Mysore, To the Chief Secretary to the Dewan of Mysore, No. 753,
dated Bangalore, 19th June 1888.

I have the honor to forward for submission to the Dewan for information copy of a letter from the Secretary to the Surgeon General with the Government of Madras conveying information regarding the charge allowances granted to Civil Hospital Assistants in independent charges of Local Fund Dispensaries in addition to their pay in the Madras Presidency

The pay of Hospital Assistants in Madras and Mysore is as follows --

				1st Class	2nd Class	3rd Class
Madras	...	...	...	Rs 55	35	25
Mysore	...	...	...	Rs 60	40	25

From this it will be observed that the pay proper is Rs. 5 more in Mysore for the 1st and 2nd classes than in Madras, but is the same for Hospital Assistants of the 3rd class in both places. But with the charge allowance it becomes Rs. 5, Rs. 10, or Rs. 20 more in Madras except in the marginally noted places in Mysore where a Malnad allowance of Rs. 15 or Rs. 10 is granted.

I am desirous of bringing this matter to the notice of the Dewan, as I have not been able to get as many Hospital Assistants lately as I expected I would, possibly because I have been unable to offer any special inducements to men of a superior class to join us. The only men I have succeeded in getting lately are men who were serving under Local Fund Boards in Madras and this being an unpensionable service they were glad to get into the Mysore Medical Service because of the pension.

There is also the fact that our Hospital Assistants in charge of Local Fund Dispensaries who get no Malnad or charge allowance of any kind are worse paid than men of the same class in Madras, which is not encouraging to good work and contentment, and I find, and cannot very well blame them, that they do not care to be put in charge of dispensaries in remote or unhealthy places and are always hankering to get back to District Head-Quarter Hospitals or centrally located dispensaries.

I am therefore inclined to think that, to remove the discontent which exists more or less amongst the Hospital Assistants in independent charges, and to make these charges more attractive and worth obtaining and keeping; and with a view to placing our Hospital Assistants on an equal footing as regards pay with those of the Madras Presidency, it would be desirable to grant some general charge allowances similar to those in force in Madras, but before making any specific recommendations, I should be glad to be favored with the Dewan's views on the matter as to whether it is practicable in a financial point of view.

Local Funds pay so little now towards the cost of Local Fund Dispensaries that I think they could very well bear a small extra charge of the nature referred to

*Proceedings of the Government of His Highness the Maharaja of Mysore,

From the Secretary, Surgeon General with the Government of Madras, Fort St. George, To the Senior Surgeon and Sanitary Commissioner, Government of Mysore, No. 4019, dated Fort St. George, 15th June 1888.

With reference to your letter No. 691 of the 8th instant, I have the honor to order to inform you that Civil Hospital Assistants when placed in independent charge of Local Fund Dispensaries are granted the following charge allowance in addition to their pay according to the circumstances of each case :—

- (a) Rupees 10 for ordinary civil dispensaries.
- (b) Rupees 15 for dispensaries in remote or unhealthy districts.
- (c) Rupees 25 for dispensaries in hilly tracts where the cost of living, travelling, &c, is much enhanced.

From the Senior Surgeon and Sanitary Commissioner, Mysore Government,
To the Chief Secretary to the Dewan of Mysore, No. 1018,
dated Bangalore, 4th August 1888.

With reference to your Camp No. 866 of the 29th June 1888, I have the honor to forward my proposals regarding the charge allowances for Hospital Assistants in independent charge of Local Fund Dispensaries and for those attached to Revenue Establishments and Jail Hospitals, similar to those in force in the Madras Presidency, and for ready reference I enclose two letters in original (to be obligingly returned when done with) from the Secretary to the Surgeon General with Government of Madras on the subject.

II. I have divided them into three classes as follows :—Class I carrying with it a charge allowance of Rs. 20 per mensem comprises the most remote or unhealthy places. Class II with a charge allowance of Rs. 15, the less remote or unhealthy; and Class III with an allowance of Rs. 10, the ordinary Local Fund Dispensaries throughout the Province, the Hospital Assistants attached to the establishments of Deputy Commissioners, those attached to the Central, Mysore and Shimoga Jails, and the Hospital Assistants attached to the Asylums and Stores whose duties in connection with the stores are onerous.

III. Class I Rs. 20.

11	Nagar	Do.
12	Sagar	Do.

Class II Rs. 15.

1	Shikarpur	Shimoga.
2	Sorab	Do.

IV. The charge allowances for Local Fund Dispensaries will, I presume, be paid from Local Funds, the others, I suppose, from Provincial Funds, which savings from the Medical Budget will meet.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 4th June 1889.*

Those included in Class I excepting Subail, which is not yet opened, are already in receipt of an allowance of Rs. 15 and so the proposed increase is only Rs. 5 a month which I think they deserve.

In Class II Sorab remains unaltered and Shikarpur is increased from Rs. 10 to Rs. 15 and Class III includes the remaining charges mentioned in para II.

If the proposals meet with the approval of the Dewan, they will, I am sure, make our Hospital Assistants contented and happy, and, *ceteris paribus*, make them by Rs. 2—8—0 a month better off than their bretheren in Madras.

From the Secretary, Surgeon General with the Government of Madras, Fort St. George, To the Senior Surgeon and Sanitary Commissioner, Government of Mysore, No. 4049, dated Fort St. George, 15th June 1888.

With reference to your letter No. 691 of the 8th instant, I have the honor by order to inform you that civil Hospital Assistants when placed in independent charge of Local Fund Dispensaries are granted the following charge allowance in addition to their pay, according to the circumstances of each case :—

- (a) Rupees 10 for ordinary civil dispensaries.
- (b) Rupees 15 for dispensaries in remote or unhealthy districts.
- (c) Rupees 25 for dispensaries in hilly tracts where the cost of living, travelling, &c., is much enhanced.

From the Secretary, Surgeon General with the Government of Madras Fort St. George, To the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, No. 4900, dated Fort St. George, 23rd July 1888.

With reference to your letter No. 923 of the 16th instant, I have the honor, by order, to inform you that Hospital Assistants attached to Revenue Establishments, Police and Jail Hospitals in certain reputedly unhealthy Districts are granted an allowance of Rs. 10 to 25 according to the circumstances of each case, although they are not in independent charge.

No. 1889-97—45, DATED BANGALORE, 4TH JUNE 1889.

ORDER THEREON.—Copies of the letters above read are forwarded to the Deputy Commissioners for their information and early opinion in consultation with the members of the Local Fund Boards.

2. The scheme proposed by Doctor McGann is that all the Hospital Assistants in independent charge of the Local Fund Dispensaries should, as similar officers do in Madras, draw an extra allowance in addition to their pay for being in such charge, this is intended to encourage Hospital Assistants taking up with readiness stations in remote parts of the Province, unhealthy in climate; it will also draw to the service superior men.

3. The salary of the Mysore Hospital Assistants is at present Rs. 60, 40, 25 monthly for the 1st, 2nd and 3rd Classes, in Madras it is 55, 35 and 25 respectively; the charge allowance in Madras is Rs. 10 for ordinary civil dispensaries, Rs. 15 for those in remote or unhealthy Districts and Rs. 25 for hilly tracts where the cost of living, travelling, &c., is much enhanced. In the Mysore State, most of the Malnad Stations would come under the Rs. 25 class, and in consideration of this point the Darbar has already sanctioned a Malnad allowance of Rs. 15 or 10 to some of the Shimoga and Kador District Dispensaries. Several other stations similarly situated do not draw this allowance at present, which appears to the Government as an anomaly and makes an invidious and unjustifiable distinction.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 4th June 1889.*

4. The Senior Surgeon, it will be seen, has divided the stations into 3 classes, those to which he would grant Rs. 20, Rs. 15 and Rs. 10 respectively corresponding to the classes recognized in Madras.

5. There are now Local Fund Dispensaries as shown in the appended statement with the present contribution to each of them from the Local Funds.

6. A list is also appended of allowances proposed by the Senior Surgeon for every dispensary in the Province and the Deputy Commissioners are requested to give their opinion as to the funds from which they should be met.

Chief Secretary.

READ THE FOLLOWING PAPER :—

Correspondence ending with letter No. 1010, dated 6th March 1888, from the Superintendent, Mysore Revenue Survey, regarding the promotion of the Survey Assistant Superintendents.

No. 291-92, DATED MYSORE, 13TH JUNE 1889.

ORDER THEREON.—In the absence of a definite rule on the subject, the promotion in grade of Assistant Superintendents of Revenue Survey has been unduly delayed and their pay has, for some time past, compared unfavorably with that of officers of equal status in other Departments, such as the Forest and Public Works. The salaries attached to the various grades of Assistant Superintendents of Revenue Survey under Proceedings No. 3134-6—52 of the 16th August 1884, are in themselves adequate, and compare not unfavorably with salaries in other Departments. There is no doubt that, when an Assistant Superintendent attains the highest grade, he has before him no definite prospect of further promotion. In a small service like that of Mysore and with Survey operations so rapidly coming to a close, it is impossible to remedy this evil by any arrangement made within the limits of the Survey Department itself.

1st Grade	Rs	300.
2nd	"	250.
3rd	"	200.

2. Under such circumstances, the best plan, in the opinion of the Government, is to regard Assistant Superintendents of the 1st grade, who have given proof of exceptional capacity for revenue executive work, as ranking, for purposes of future promotion, with Assistant Commissioners of the 3rd Class according to the dates of their respective promotions to the said grade or class. This arrangement would be suitable in every way as the local Survey officers have eventually to be absorbed in the ordinary Revenue Establishment and as their training in the Survey Department is likely to make them very useful Revenue officers.

3. The next question to be decided is the period in which promotion from grade to grade among Assistant Superintendents should ordinarily be earned by approved service. In his letter No. 762, dated 12th December 1887, the Superintendent of Revenue Survey recommended that promotion from the 3rd to the 2nd grade should be made after two years' service in independent charge of a field Establishment and from the 2nd to the 1st grade after three years in the former grade. In his letter No. 1010, dated 6th March 1888, Colonel Grant says he would fix three years as the period for promotion from both the 3rd and 2nd grade in accordance with the Bombay system.

4. After giving careful consideration to the above proposals and comparing how promotions go in other Departments, the Government are of opinion that a period of 3 years for promotion to the 2nd grade from date of receiving independent charge of a field Establishment is reasonable and a like period for promotion from the 2nd to the 1st grade. But it must be distinctly understood that no such promotion can be earned except by *thoroughly approved* service, and the Superintendent of Revenue Survey will be at liberty to recommend withdrawal or post-ponement of promotion in cases where thoroughly satisfactory service is not rendered.

5. In order that the delay which has unfortunately occurred in this decision should not prejudice the officers concerned in any way, the Government are pleased to direct the promotion of the officers hereunder named from the 3rd to the 2nd grade, with effect from the dates specified opposite their names. The period of 3 years required for further promotion to the 1st grade shall also be calculated from the said dates.

READ THE FOLLOWING PAPER :—

Report on the Revenue Administration of the Kadar District for 1888—89.

No. 2109—66, DATED 18TH JUNE 1889.

REVIEW THEREON.—Survey operations of the year in the Kadar District were the resurvey of coffee lands.

The area re-surveyed and the result of the work done are not mentioned in the report.

2. The favorable state of the market for coffee during the year resulted in considerable extensions of its cultivation, notably in the Taluks of Mudgere and Koppa. Two thousand three hundred and forty-two acres of waste lands were taken up under the rules of August 1881. The results of sale of waste lands under these rules in the past two years were as follow :—

	1887—88 Acres.	1888—89, Acres.
Tarikere	0	334
Koppa	571	676
Chikmagalur	189	449
Kadar	0	16
Mudgere	250	869

This is satisfactory.

3. During the year under review the settlement of the Inam coffee lands of the Bababudan Darga and Besagin Matt was brought to a completion.

4. The statistics given as regards the area of all arable lands occupied, as well as available for cultivation in each Taluk, is incomplete.

5. While the total number of Municipalities remained unchanged, the aggregate receipts and expenditure were much higher than in the previous year. The expenditure during the year was Rs. 22,496—11—11 against Rs. 19,155—8—8 of the previous year. The total income of the year including the balance of the previous year amounted to Rs. 48,638—2—0 against Rs. 34,021—6—0 in 1887—88. Greater expenditure is recommended.

6. The receipts of the Local Funds during 1888—89 were Rs. 78,031-12-1 as compared with Rs. 75,769—2—3 in 1887—88. The total expenditure amounted to Rs. 58,613—8—5, of which Rs. 22,879—15—10 were spent on original works and Rs. 27,199—2—1 on repairs.

The following principal works were in progress during the year :—The construction of the Bababudan hill road (Estimate Rs. 29,324, Outlay Rs. 14,348), the construction of a new Railway feeder for the Southern Mahratta Railway from Lingadahalli to Birur (Estimate Rs. 16,567, Outlay Rs. 3,906) and the construction of the Banavur-Sakrepatna road (Estimate Rs. 22,704, Outlay Rs. 3,313).

The District Fund roads were maintained at an outlay of Rs. 27,070.

7. The comparative acreage under Coffee, Cardamom, Cinchona and Cotton for the years 1887—88 and 1888—89 was as follows :—

	1887—88. Acres.	1888—89, Acres.
Coffee	86,908	87,970
Cardamom	2,038	2,057
Cinchona	248	248
Cotton	956	1,232

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General);—dated 18th June 1889.*

8. The average rain-fall registered at the several Taluk Kasabas in the District during the past two years was as follows:—

				1887—88, Inches.	1888—89, Inches.
Tarikere	..	..	..	37.55	29.7
Koppa	..	..	..	142.89	134.91
Kadur	..	..	..	24.22	17.63
Mudgere	..	..	..	113.8	90.51
Chikmagalur	..	..	..	34.89	29.91

9. The harvest was fairly good, though the rain-fall was considerably short of that of the preceding year. The out-turn of coffee was fair and that of supari excellent. Paddy was a 12 anna crop. Ragi was a better crop than in the previous year. Sugar-cane suffered somewhat for want of rain, and the out-turn was below the average. The prices of rice, wheat and arecanut were cheaper than in the previous year, but were higher than those of the year 1886—87. The price of coffee was very high, but the price of cardamom fell considerably. The wages of labor remained stationary.

10. During the year under review the number of cattle in Mudgere and Kadur declined owing to the prevalence of cattle disease. The large increase in the number of carts is not accounted for. It is probably due to a general increase of traffic.

Two hundred and eighty-eight wild animals were killed against 176 in 1887—88. The amount of rewards paid was Rs. 1,403 against Rs. 1,131—4—0.

11. Iron was worked in the Kadur and Tarikere Taluks. The produce of the ores was valued at Rs. 9,294. One lease for gold mining was in force during the year covering an area of 1,350 acres. No mining was commenced in the blocks leased. The total value of the minerals worked during the year, chiefly pot-stone, amounted to Rs. 860.

12. The improvement of minor tanks received attention in the Kadur Taluk in which the bunds of 13 tanks were restored by the raiyats.

13. The expenditure incurred by Revenue officers on repairs to minor Revenue and Police buildings fell short of the grant by Rs. 611.

14. In the year under review several exhibits were sent from the District to the Mysore Agricultural and Industrial Exhibition and three silver medals and 39 certificates were awarded for the collection of raw products made for the Central Committee for that Exhibition.

15. The Haribar-Birur Section of the Tumkur-Harihara Line was opened for traffic in February 1889.

16. The current demand for the year 1888—89 under all sources of revenue amounted to Rs. 11,12,459—2—7 against Rs. 10,02,324—11—7 in 1887—88, exhibiting a net increase of Rs. 1,24,758—11—11.

Including the outstanding balance of Rs. 64,125—2—3, which remained uncollected on the 31st March 1888, the gross demand amounted to Rs. 11,76,594—4—10 of which Rs. 10,90,522—1—4 or Rs. 68,144—13—6 more than in 1887—88 were collected, and Rs. 1,810—8—1 remitted, leaving a balance at the close of the year 1888—89 of Rs. 84,761—11—5.

The realizations on account of former years and those on account of the year under notice should be shown separately. The balance was heaviest in Koppa.

The total demand on account of land revenue for the year under review was Rs. 7,73,574—6—6 as against Rs. 7,47,180—15—11 of the previous year, exhibiting an increase of Rs. 26,393—6—7. The increase was divided among all the Taluks of the District.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 18th June 1889.*

Under the head "Coffee" the development of revenue was continuous and important. The total receipts which 6 years back were Rs. 22,322—0—0 and in 1887—88 Rs. 90,342—3—0 rose to Rs. 96,211—0—0 in 1888—89. The greater portion of this increase was in the Tarikere, Chikmagalur and Mudgere Taluks.

The revenue under "Forest" showed a considerable improvement over 1887—88 due chiefly to the increased sale of timber and sandalwood.

17. Rupees 5,504 were realized by distraint and sale of property in satisfaction of arrears of revenue as against Rs. 5,212—0—0 in 1887—88. The number of holdings sold was 104 as compared with 111 in the preceding year.

18. The receipts on account of the District Fund were Rs. 79,094—14—3 or Rs. 2,670—0—8 more than in 1887—88. The total income of the 7 Municipalities in the District was Rs. 32,699—5—11 as compared with Rs. 20,745—1—8 in 1887—88.

19. The births registered numbered 5,274 and the deaths 5,910. By far the largest number of deaths was due to fevers. The recorded mortality from cholera greatly exceeded that of the preceding year. There was a very considerable decrease in the number of deaths from small-pox.

20. At the close of the year there were 8 dispensaries open to the public. The increase of 4,566 in the number of patients admitted shows that these institutions are growing popular.

21. The number of Government Schools in the District was as in 1887—88, 70. The average daily attendance was 2,072 against 2,048 in the previous year.

The Chikmagalur High School sent up 9 students for the Matriculation Examination, of whom 4 passed. In the Middle School Examination the School passed 13 candidates. The number of Hobli Schools was the same in the year under review as in the previous year, 60, but the number of pupils on the rolls fell from 1,524 to 1,457.

22. The temple at Hiremagalur was repaired at a cost of Rs. 1,380—10—2. Some progress was also made in the conservation of the ancient temple at Kalsa.

23. The income of the Muzarayi Department during the year under review aggregated Rs. 31,565—12—5. Including the balance of the previous year the receipts amounted to Rs. 77,496—2—8, of which Rs. 47,195—6—5 were expended, leaving a balance of Rs. 30,300—12—3.

24. There was one original revenue case filed in the Deputy Commissioner's Court which remained pending at the close of the year. There were no appeals. There was a decrease of 1,039 in the number of dargahs and petitions.

25. The bandh inspection performed by the Jamabandi Officers is not reported. It is desirable that the annual waste land and boundary mark inspection work done by the Taluk officials should be subjected to a systematic and careful check by the Deputy Commissioner and his Assistants personally; very little appears to have been done in the matter of village conservancy.

PART I. FINANCIAL.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 5th July 1889.*

READ THE FOLLOWING PAPERS:—

Dockets dated 21st February and 19th June 1889, Nos. 543—506 and 110—103, respectively, from the Deputy Commissioner of Chitaldroog District.

No. 2595-605—CIR. 65, DATED 5TH JULY 1889.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities in his District for 1889—90.

Chitaldroog.

The receipts of this Municipality are estimated at Rs. 4,180 against Rs. 4,263, the actuals of 1887—88. The variations of the several items of the estimate compared with the actuals are not explained; but the increase under Item I is apparently due to the increased collections in the first half of the year 1888—89, which exceeded those of the corresponding period in 1887—88 by Rs. 494. The decrease in the estimates under Items II and VII should be explained.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
I	Octroi ...	1,209	1,500
II	Tax on houses ...	1,415	1,150
VII	Mohatarfa ...	890	760
VIII	Rents from Gardens...	202	240
IX	Fines ...	1	5
X	Miscellaneous ...	546	525
	Total.....	4,263	4,180

2. Under X Miscellaneous, an estimate of Rs 50 appears as water-cess to be levied on lands irrigated by trench water. This item will be struck out as the Municipality is not authorized to collect any water-rate for

water supplied, which is the property of Government *Vide* letter to the Deputy Commissioner dated 22nd January 1889, No. 790—77.

3. Including the opening balance, the amount available for expenditure in 1889—90 is Rs. 5,719, of which only Rs. 4,000 are proposed to be expended during the year as shown in the margin.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
I	Head office ...	7	42
II	Collection ...	155	156
IV	Conservancy ...	1,565	1,500
V	Police ...	1,341	1,396
VII	Lighting ...	202	216
VIII	Public Works ...	474	360
IX	Charitable grants ...	...	48
XI	Miscellaneous ...	467	232
	Total.....	4,211	4,000

Considering the sum available for expenditure, the Government consider that more money ought to be spent on works useful to the inhabitants of the town, and the President is requested to propose a further allotment of at least Rs. 400 under the head VIII Public Works. As a rule the closing balance ought not to exceed 30 per cent of the annual receipts, or be less than 25 per cent. It is of the utmost importance that all sums available should be spent on works beneficial to the inhabitants as early as possible.

Davangere.

The income of this Municipality is estimated at Rs. 3,740 against Rs. 4,538, the actuals of 1887—88. The increase under Item I is attributed to Railway traffic and is justified by the increased collections during the first half of 1888—89. The decrease under Items II and VIII is not explained. The omission should be supplied. The increase under Item X is chiefly due to the contribution promised by the inhabitants for the Town Police. Under X (f) School fees and (Contributions), only Rs. 260 are estimated, while the actuals of 1887—88 were Rs. 333. The decrease should be explained and the President

is requested to see that it is not due to any want of attention paid to the education

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),— dated 5th July 1889.*

Including the opening balance, the sum available for expenditure in 1889—90 is Rs 7,901, but only Rs. 4,890 are proposed to be spent during the year, as shown in the margin.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.

IX	Charitable grants ...	...	152
X	Education ...	463	378
XI	Miscellaneous ...	208	24
	Total.....	3,274	4,890

The increase under Lighting is due to the proposed addition of 8 lamps. This is sanctioned. As the closing balance is large, the President is requested to report whether a larger allotment cannot be made under Public Works and some useful works undertaken for the benefit of the inhabitants.

Harihar.

The income of this Municipality is estimated at Rs. 2,440 against Rs. 2,687, the actuals of 1887—88. The decrease under Item VII should be explained. The falling off under Item X is chiefly under Contribution for Police. This also should be explained.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.

XI	Miscellaneous ...	100	60
	Total.. ...	1,334	2,716

Two additional sweepers are proposed to be employed. Hence the increase under IV Conservancy. The provision under IX Charitable grants includes a new item of Rs. 180 on account of the cost which the Municipality has to contribute when the Local Fund Dispensary is established in the town. It will be retained.

The cost of Public Works to be incurred during 1889—90 amounts only to Rs. 670, which might be considerably enhanced. The President will report whether a further allotment for useful works cannot be proposed.

Harihar.

The estimate of receipts is Rs. 710 against Rs. 922, the actuals of 1887—88. The decrease under Items I and II calls for explanation, which should be submitted. The decrease under X is chiefly under "Sale of Houses", which is not of a recurring nature.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 5th July 1889.*

Including the opening balance, the sum available for expenditure amounts to Rs. 1,793, of which only Rs. 848 are proposed to be spent as shown in the margin.

The increase under IV is due to the provision made for the purchase of a bullock and a fresh cart, there being at present only a single bullock and an unserviceable cart.

The provision under VIII is chiefly for the repair of roads. The President will report whether a further allotment cannot be proposed under this head.

No provision is made for fairs and festivals in this and several other Municipalities.

The President is requested to explain this omission.

Hosdurga.

The income of this Municipality is estimated at Rs. 860 against Rs. 795, the actuals of 1887—88. The increase is chiefly under X Miscellaneous, (d) Pounds, in which Rs. 80 are estimated against Rs. 46, the actuals. This increase is supported by the actuals of the first half year of 1888—89, which amounted to Rs. 54.

	Total.....	835	1,126

The increase under IV is due to the employment of an additional sweeper. The provision under VIII is insufficient and some more works useful to the inhabitants should be proposed.

Holalkere.

The income of this Municipality is estimated at Rs. 780 against Rs. 570, the actuals of 1887—88. The increase in the estimate is chiefly due to the provision of Rs. 200 under Octroi, which the Municipal Board propose to introduce. No provision of this kind should be made in the budget until the sanction of Government has been obtained for the introduction of the duty. The estimate will therefore be struck out. The decrease under Mohatarfa requires explanation, which should be submitted. The increase under X Miscellaneous is chiefly under (d) Pounds, in which Rs. 120 are estimated against Rs. 94, the actuals of 1887—88, the actuals of the

first half year of 1888—89 having amounted to Rs. 110.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 5th July 1889.*

The receipt as now estimated amounts to Rs. 580. Adding to this the opening balance, the sum available for expenditure in 1889-90 is Rs. 969; but the proposed charges amount to Rs. 1,010.* The charges must be reduced and the only item susceptible of reduction is VIII Public Works, under which the following provisions are made:—

The last item will be struck out. If the Municipal Board considers it advisable, it may stop new roads proposed to be made and apply the provision made on that account to the filling up of the pit.

The provision under IV Conservancy includes 2 additional sweepers proposed to be entertained. This is sanctioned.

Chellakere.

The receipts of this Municipality are estimated at Rs. 330 against Rs. 320, the actuals of 1887—88. The estimate is fair.

Items.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.
II	House tax	143	143
VII	Mohatarfa	106	104
X	Miscellaneous	71	83
	Total.....	320	330

Including the opening balance, the amount available for expenditure in 1889—90 is Rs. 527, of which Rs. 336 are proposed to be spent as shown in the margin. Thus Municipality was relieved in 1888—89 of the contribution (Rs. 100) to the Dispensary, and the President states that the Municipality is still unable to bear the charge and therefore makes no provision on that account. The cost of Dispensary will continue to be met from the Provincial Medical Budget.

The provision under VII Lighting is new. It is passed.

Considering the amount available for expenditure, the provision under VIII Public Works is small and the President is requested to propose a further allotment for works useful to the inhabitants.

Molkalmuru.

The income of this Municipality is estimated at Rs. 850 against Rs. 852, the actuals of 1887—88. The estimate is fair.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 13th July 1889.*

READ THE FOLLOWING PAPERS :—

Dockets from the Deputy Commissioner, Kador District, Nos. 865 and 894, dated respectively 19th and 23rd February 1889.

No. 2877-89—CIR. 75, DATED BANGALORE, 13TH JULY 1889.

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the Kador District for the year 1889—90.

Chikmagalur.

2. The receipts of the Municipality for 1889—90 are estimated at Rs. 14,150 against Rs. 12,613 the actuals of 1887—88. The variations in the several items of the estimate compared with the actuals have not been explained.

Items.	Receipts.	Actuals of 1887—88.	Estimate for 1889—90.
I Octroi ...	...	5,851	6,550
II Tax on houses ...	...	2,961	3,000
VII Mohatarfa ...	...	2,062	2,145
VIII Rents ...	...	183	150
IX Fines ...	...	6	5
X Miscellaneous ...	...	1,800	2,300
	Total.....	12,613	14,150

3. The increase under 1 Octroi is chiefly in " Betel-leaves " and " Cloth." There is nothing to justify the increase under the former. The estimate of Rs. 400 will therefore be reduced to Rs. 300. The increase under Cloth is probably based on the increased collections of the first half of 1888—89, compared with the collections in the corresponding period of 1887—88 and will be retained.

4. The increase under X Miscellaneous is chiefly in (a) sale of houses and lands, and (j) sale of smuggled goods. The former is probably due to the increased applications for house sites, but there is nothing to justify the increased estimate under (j). The latter will therefore be reduced from Rs. 300 to 200.

5. The receipts as now estimated amount to Rs. 13,950. Adding to this the opening balance, the sum available for expenditure in 1889—90 is Rs. 19,300, of which Rs. 15,960 are proposed to be expended during the year as shown in the margin.

Items.	Expenditure.	Actuals of 1887—88.	Estimates for 1889—90.
II Head Office ...	...	144	144
III Collection ...	...	959	1,128
IV Conservancy ...	...	3,349	3,594
V Police ...	...	1,798	2,000
VII Lighting ...	...	631	900
VIII Public Works ...	...	3,688	6,490
IX Charitable Grants ...	...	673	560
XI Miscellaneous ...	...	1,160	1,234
	Total.....	11,802	15,960

6. Under the head III (a) Collection of octroi, the expenditure proposed, *viz.*, Rs. 924 bears the high percentage of 14·34 on the sanctioned estimate of collections from octroi. The President is requested to report what reductions are feasible under this head.

7. The increase under item IV Conservancy is due to the marginally noted increases and the entertainment of two additional sweepers proposed. This is sanctioned.

| (c). Latrine sweepers 1 at Rs. 6 do ... | 72 |
| (d). Road sweeper do ... | 72 |
| Total Rs..... | 228 |

8. The items V Police and VII Lighting include the unusual items of Rs. 206 and 218 respectively on account of uniform to the Police force and new

lamp posts proposed. Hence the increases under these heads.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 13th July 1889.*

9. Under the head VIII P. W. Rs. 6,490 are proposed to be expended in 1889—90 against Rs. 3,088 the actuals of 1887—88. The provision made under this head is for the following purposes:—

Roads	...	...	...	2,000
Drains	...	...	...	500
Water-Supply	...	...	...	1,200
<i>Buildings.—</i> (1). Town Hall	...	...	1,000	} 2,000
(2). Police Station and Octroi Katto	...	...	1,000	
Repairs to buildings	...	...	...	200
Compensation	...	...	...	500
Reserve	...	...	...	90
Total				6,490

10. The estimated cost of the Town Hall is stated to be Rs. 5,611, of which Rs. 1,000 are proposed to be expended during the year. The Government do not think that a Town Hall is absolutely necessary, but the provision will be retained, and the Deputy Commissioner requested to report, when he submits the estimate for the Town Hall, whether there are no other works which can be more usefully undertaken for the convenience of the inhabitants and whether the town people are willing to make any contribution towards the construction of the Town Hall.

11. No estimates are entered under Fairs and Festivals in this and other Municipalities. The omission should be explained.

12. Under XI Miscellaneous (b) other items, a sum of Rs. 628 is entered in the Budget Statement No. I, while the total of the details of establishment furnished under the same head in Statement No. 3 amounts only to Rs. 528. The difference of Rs. 100 should be explained.

13. The Government note that an establishment of gardeners is maintained by the Municipality without any income under garden rents. Probably the trees have not yet begun to bear.

Tarikere.

14. The income of the Municipality for 1889—90 is estimated at Rs. 4,415

against Rs. 3,894, the actuals of 1887—88. The increase is chiefly under X Miscellaneous (a) "Sale of houses and lands" and (a) "Other items." The increase under (a) is probably due to increased applications for house sites and will be allowed to stand, but the estimate under (a) "Other items" will be reduced from Rs. 312 to Rs. 150, as the item is of an uncertain nature, and is not supported by the actuals of the first half of 1888—89, which amounted only to Rs. 82.

15. The estimate as now approved amounts to Rs. 4,253. Adding to this, the

opening balance, the sum available for expenditure during 1889—90, amounts to Rs. 4,688, of which Rs. 4,430 are proposed to be expended, leaving a small working balance of Rs. 258 at the end of the year. As a rule, the closing balance ought not to be less than 25 per cent of the annual receipts. The charges must therefore be reduced by about Rs. 800 or so.

16. The Government consider that the provisions made may be reduced as follows, and the estimate will be altered accordingly, leaving it to the Deputy Commissioner to propose any changes he may consider necessary.

17. The increase under III is due to the increase of pay proposed to the Overroer, that under IV to the provision of a new latrine sweeper proposed to be appointed, that under VII to the proposed purchase of a new lamp post, and that under IX is owing to the entertainment of a Dayi on Rs. 10 per mensem. These increased provisions cannot be sanctioned, as the funds are insufficient and have therefore been struck out.

Birur.

18. The estimated receipts of the Municipality amount to Rs. 2,390 against Rs. 2,415 the actuals of 1887—88. It is noted that the total of the items in the column of actuals for 1887—88 amounts to Rs. 2,415 and not to Rs. 2,417 as entered in the Budget Statement No. 1. The estimate is fair and is sanctioned.

20. Under IV Conservancy two latrine sweepers at Rs. 10 each are newly proposed. The provision made for them is sanctioned. The Government however note that the salary proposed to the sweepers is high, and the Deputy Commissioner will consider whether it cannot be reduced.

21. In addition to the 34 lamps now existing, 6 new lamps are provided for. The increased allotment will be passed.

22. The provision under VIII Public Works includes an item of (a) Supervision establishment, *viz.*, Rs. 120 said to be needed on account of allowance to Supervisor proposed by the Municipality. The President is requested to report whether the Supervisor, to whom the allowance is proposed, is a subordinate of the Public Works Department; and if so, how he can be expected to supervise Municipal works.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 13th July 1889.*

23. The provision of Rs. 5,324 made under other sub-heads of VIII Public Works against Rs. 450, the actuals of 1887—88, is fair, but considering the amount available for expenditure, the Government consider that more money ought to be spent on works beneficial to the inhabitants of the town, and the President is requested to propose a further allotment of at least Rs. 2,500 under the head. As a rule the closing balance ought not to exceed 30 per cent of the annual receipts or be less than 25 per cent. It is of the utmost importance that all sums available should be spent on works beneficial to the inhabitants as early as practicable.

24. The increase under XI Miscellaneous which is in (d) "Rewards to dog and snake-killers," and (h) "Other Items," has not been explained. The omission should be supplied.

Kadur.

25. The income of the Municipality is estimated at Rs. 1,030 against Rs. 1,080 the actuals of 1887—88.

26. The decrease under I Octroi is small and does not call for remark. The falling off of revenue under X Miscellaneous, which is chiefly in (d) Pounds, requires explanation, which should be submitted.

27. Including the opening balance the sum available for expenditure during 1889—90 is Rs. 3,870, of which only Rs. 1,260 are proposed to be expended during the year. Considering the large amount available, the Government consider that more money ought to be spent on works useful to the inhabitants of the town. The President is therefore requested to propose a further allotment of not less than Rs. 1,500 for works.

of explanation as to the necessity for the services of the 2 servants proposed.

Yedahalli.

29. The receipt of the Municipality is estimated at Rs. 550 against Rs. 55 the actuals of 1887—88. The estimate is fair.

30. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 700, of which Rs. 560 are proposed to be expended during the year. The provision under IX Charitable Grants is the same as that sanctioned for 1888—89. It should be explained why no amount under this head was spent in 1887—88.

31. The income of the Municipality is estimated at Rs. 632 against Rs. 561, the actuals of 1887—88. The octroi duty in the town was abolished in 1888—89 and this accounts for the omission of any estimate under I. The increase under VII Mohatarfa requires explanation which should be submitted.

32. The increase under X Miscellaneous is chiefly in (d) Poundage and is supported by the actuals of the first half of the year 1888—89, which amounted to Rs. 73, while there were no collections in the corresponding

period of 1887—88. The Estimate will be allowed to stand.

33. The estimate of Rs. 4 which appeared by mistake in the past year's Budget under "Furnace" has now been * explained to be on account of tax on smiths' shops and the item has now been properly included in VII (a) "Mohatarfa tax on shops."

* Vide Katur Deputy Commissioner's No. 840, dated 16-2-89.

34. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 762, of which Rs. 600 are proposed to be expended during the year. The increase under IV Conservancy is due to the increase of estimate sanctioned in 1888—89. The other items do not call for remarks.

Sringeri.

35. The income of the Municipality is estimated at Rs. 1,940 against Rs. 586, the actuals of 1887—88. The Municipality was constituted in 1887—88, and apparently the revenue was not fully recovered during the year. Hence the large difference between the actuals and the estimate.

36. No estimates are entered under I Octroi (c) Betel-leaves, one of the sayer articles, as well as under VII (b) Looms and (c) Oil-mills. These omissions and also the marginally noted variations between the past and current year's estimates should be explained.

37. The tax on sheep and goats is estimated at Rs. 5 against No. 1—0—0 realized in the first half of the year 1888—89. The Deputy Commissioner is requested to report whether, considering the very small sum realized, the tax cannot altogether be abolished.

38. Under the Dewan's Proceedings, dated 10th March 1887, No. 1809, the Sringeri Matt, to whom the Municipal Town belongs, is only entitled to a moiety of collections from octroi on sayer articles, viz., coconuts, fish and dry, betel-leaves and tobacco; but from the statements now furnished, it appears that the Matt is being allowed, not only the moiety of duty on the articles named above but also the moiety of duty on other articles subject to octroi and of receipts under X Miscellaneous. The Deputy Commissioner is requested to explain why this is allowed.

39. The receipts above shown include the moiety due to the Matt. Excluding it, the assets available for the Municipality are Rs. 970. Adding to this the opening balance, the sum available for expenditure during the year is Rs. 1,470, of which Rs 1,271 are proposed to be expended as shown in the margin.

vided for contingencies costing in all Rs. 240 per annum is excessive. The President is requested to report whether the allowance to the Taluk Gumasta may not be discontinued. Pending receipt of report on this point, the provision under the head will be allowed to stand.

1. The provision under IV Conservancy includes Rs. 50 for "Other charges". The details of this should be furnished.

2. Government note that in these Budgets no provisions have been made on the side of receipts on account of the Public Works Department mileage allotments for the maintenance of through Provincial roads as required in Circular No 32, dated 29th April 1887. issued in the Public Works Department. The omissions should be explained.

43. With the foregoing remarks and subject to the explanation called for, the Budgets of the several Municipalities in the Kadur District are sanctioned as shown in the accompanying Appendices A, B and C.

*Proceedings of the Government of His Highness the Maharaja of Mysore.
(Financial),—dated 20th July 1889.*

READ THE FOLLOWING PAPERS :—

Dockets from Deputy Commissioner, Kolar District, Nos 2697—750 and 696—101, dated 16th March and 19th May 1889, respectively.

No. 3157-68—83, DATED 20th JULY 1889

ORDER THEREON.—With the above the Deputy Commissioner submits the Budget Estimates of the several Municipalities of the Kolar District for the year 1889—90.

Kolar.

2. The income of this Municipality for the year 1889—90 is estimated at Rs. 6,610 against Rs. 6,377, the actuals of 1887—88. The variations between the estimates and actuals have not been fully explained. There is nothing to justify the large increase under I Octroi. It is true that during the first half of the year 1888—89, the collections amounted to Rs. 529 against Rs. 330, the actuals of the corresponding period of 1887—88, but that is not sufficient to justify the large increase estimated. The estimate will therefore be reduced from Rs. 1,000 to 800.

VIII Rents ...	...	...	110
X Miscellaneous ...	...	76	400
Total.....		6,377	6,610

3. The decrease under II House tax is stated to be due to the large amount of arrears having been collected during 1887—88, while there are no such arrears to be collected in 1889—90.

4. The increase under VII Mohatarfa, which is chiefly in (a) Shops and (b) locm tax, has not been explained. The omission should be supplied.

5. The increased estimate from (a) Shops under VIII Rents is probably due

* Dewan's Proceedings No. 8150-40—405, dated 22nd March 1889, to Kolar Deputy Commissioner.

6. The increase under X Miscellaneous is chiefly in (i) Sale of grass and (m) Contribution. The increase in the latter is due to the provision made on account of the mileage allotment payable by the Public Works Department for the maintenance of through Provincial roads within the Municipal limits of the town. In the former, the estimate for 1888—89 is only Rs. 5, while for 1889—90 Rs. 100 are estimated. The increase should be explained.

7. The income of the Municipality as now estimated is Rs. 6,410. Adding to

this the opening balance, the sum available for expenditure during 1889—90, is Rs. 9,254, of which Rs. 6,523 are proposed to be expended during the year, leaving a large closing balance of Rs. 2,731. As a rule this balance ought not to exceed 30 per cent of the annual receipts. It is of the utmost importance that all sums available should be spent as soon as on works useful to the inhabitants.

8. The provision under V Police includes the unusual item of Rs. 200 on account of the Police dress, &c. Hence the increase under the head.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial).—dated 20th July 1889.

9. The increase under VII Lighting is on account of 2 additional lamp-posts proposed. The allotment under this head is sanctioned.

10. The provision under VIII Public Works is small. Considering the large amount available, the Government consider that more money ought to be spent on works useful to the inhabitants of the town and request the President to propose further allotment under this head.

11. The allotment under IX Charitable grants consists of two items, *viz.*, Rs. 533 on account of one-third cost of the maintenance of the Dispensary in the town and Rs. 180 on account of the pay of the Midwife entirely chargeable to Municipal Funds of the town. The latter item will be transferred to the proper sub-head (d) Maternity.

12. The increase under XI Miscellaneous which is chiefly in (d) Rewards and (h) Other items is based on the actuals of the first half of 1888—89 and will be allowed to stand. The item of Rs. 500 under XI (a) provided for the repayment of loan payable to Government is in accordance with Dewan's Proceeding No 3361-3—122, dated 6th September 1885.

Bourringpet.

13. The receipts of the Municipality for the year 1889—90 are estimated at Rs. 1,798 against Rs. 1,761, the actuals of 1887—88.

VII Mohatafa ...	...	510	605
IX Fines ...	...	...	4
X Miscellaneous ...	...	370	400
Total.....		1,761	1,798

14. The decrease under I Octroi is apparently based on the actuals of the first half of 1888—89, which were then compared with the actuals of the corresponding period of 1887—88. The estimate is allowed to stand, but the Government hope that the levying of the revenue is not due to laxity of supervision on the part of the collection agency and the Deputy Commissioner will see that it is not so.

15. The increase under VII Mohatafa (a) Shop tax has not been explained. This and the omission of the estimate under (c) Oil-mills from which Rs. 3 were realized during 1887—88 should be explained.

16. The increased estimate under X Miscellaneous chiefly in (f) School fees is based on the increased actuals of the first half of 1888—89 as compared with those of the corresponding period of 1887—88 and is therefore approved.

17. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 4,977, of which Rs. 2,875 are proposed to be expended.

XI Miscellaneous ...	...	20	60
Total.....		907	2,875

18. The provision under VIII Public Works includes Rs. 869 on account of one-third cost of Dispensary building proposed to be built in the town. This is sanctioned, but considering the large sum still available, the Government consider that more money should be spent on works and request the President to propose further allotment under the head.

19. The increased provision under X Education, which is in accordance with the Proceedings in the Education Department No. 16—20,

dated 20th April 1888, will be passed.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 20th July 1889.*

20. The increase under XI Miscellaneous which is chiefly in (a) Other items has not been explained. This should be done now.

Malur.

21. The receipts of the Municipality are estimated at Rs. 716 against Rs. 875, the actuals of 1887—88.

22. The fallure of the revenue under II House tax and VII (a) Shops and (b) Looms has not been explained. The omission should be supplied. The increase under X Miscellaneous which is chiefly in (a) Sale of houses and lands is justified by the actuals of the first half of 1888—89 and the estimate will accordingly be allowed to stand.

23. Including the opening balance, the sum available for expenditure during 1889-90 is Rs. 1,619, of which Rs. 1,576 only are proposed to be expended.

24. The provision under VIII Public Works includes an item of Rs. 869 on account of one-third cost of the Dispensary building proposed to be built in the town. This is passed. The Government consider that, considering the large sum available for expenditure, more money ought to be spent on Public Works and the Deputy Commissioner is requested to submit proposals accordingly.

Srinivasapur.

26. The increase under items II and VII should be explained. The increase under X is apparently due to the estimates newly made under (g) Sale of manure and (h) Amarayi and will be allowed to stand.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 20th July 1889.*

27. Including the opening balance, the sum available for expenditure during 1889-90 is Rs. 2,943, of which Rs. 706 are proposed to be expended.

VIII	Public Works ...	334	350
XI	Miscellaneous ...	3	20
	Total.....	637	706

28. The increased provision of Rs. 30 under VII Lighting which is stated to be needed for oil, wick and contingencies is passed.

29. Provision on account of the Dispensary charges in the town is properly omitted in this Budget, as well as in those of Bagopalli, Gudilanda and Goribidnur as the one-third quota of Dispensary charges payable by each of these Municipalities was, owing to the insufficiency of Municipal funds to bear the charge, or less to be debited to District Funds (*vide* Proceedings noted in the margin).

30. The provision under VIII Public Works is inadequate and the Deputy Commissioner is requested to propose further allotments at least to the extent of a further sum of Rs. 1,000.

Chintamani.

31. The estimated income of the Municipality is Rs. 1,693 against Rs. 1,477, the actuals of 1887-88.

32. The increase under X Miscellaneous is chiefly in (a) Sale of house and lands and (g) Sale of manure, from which Rs. 74 and Rs. 40 are respectively estimated for the year 1889-90. The estimate is accepted.

33. Including the opening balance, the sum available for expenditure during 1889-90 is Rs. 7,167, of which Rs. 3,716 are proposed to be expended, leaving a large balance at the close of the year amounting to Rs. 3,451.

	Total.....	1,724	3,716

34. Under VIII Public Works, Rs. 2,952 are proposed to be expended against Rs. 1,237, the actuals of 1887-88. This provision which includes Rs. 2,000 for the maintenance and improvement of the kararji tank, the only source of drinking water in the town, is approved. But considering the large amount still available, the Government consider that more money ought to be spent on works useful to the inhabitants and the President is requested to propose further allotment under the head.

35. The increase under VII Lighting is due to one additional lamp-post proposed. This is sanctioned.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Financial),—dated 20th July 1889.*

Mulbagal.

36. The estimated receipts amount to Rs. 1,520 against Rs. 1,513, the actuals of 1887—88.

Item.	Receipts.	Actuals of 1887—88.	Estimates for 1889—90.

	Total.....	1,513	1,520

37. The increase under item I and the decrease under II and VII are not explained. The omission should be supplied. The increase under X Miscellaneous is chiefly in (a) Sale of houses and lands and (m) Contributions. The former is apparently due to the increased applications for house sites, while the latter is on account of the mileage allotment for the maintenance of provincial road within the Municipal limits of the town. The estimate will be retained.

38. Including the opening balance, the sum available for expenditure during 1889—90 amounts to Rs. 4,255, of which only Rs. 1,541 are proposed to be expended, leaving a balance of Rs. 2,714 at the end of the year.

	Total.....	1,888	1,541

39. The item under IV Conservancy includes provision for the proposed increase of Rs. 2 per mensem to the pay of Daroga and the entertainment of a scavenger on Rs. 5 and two additional sweepers and 1 peon at Rs. 4 each. The estimate is sanctioned.

40. The allotment under VII Lighting includes provision for 4 new lamp posts proposed. Hence increase under this head which is sanctioned.

41. The provision under VIII Public Works, *viz.* Rs. 640 includes Rs. 220 said to be needed for the maintenance of the Madras Cannanore road within the Municipality. The Deputy Commissioner is requested to state why Rs. 220 are proposed to be spent on the provincial road when the mileage allotment allowed therefor by the Public Works Department is only Rs. 70. Pending the submission of explanation on this point, the estimate will be retained. As a large amount of balance is still available for expenditure, the Government consider that more money ought to be spent on works useful to the inhabitants and the Deputy Commissioner is requested to propose a further allotment of not less than Rs. 2,000 for such works.

Sidlaghatta.

42. The receipts of the Municipality are estimated at Rs. 2,547 against Rs. 2,272, the actuals of 1887—88.

	Total	2,272	2,547

43. The increase under II House tax has not been explained. This must be now done. The increase under X Miscellaneous is chiefly in (a) Sale of houses and lands and (n) Other items. The increased estimate under the former is apparently due to the increased applications for house sites and that under the latter is supported by the increased actuals of the first half of 1888—89, compared with those of the corresponding period of 1887—88. These are passed. But the item of Rs. 6

newly entered under (e) Land revenue will be provisionally retained pending receipt of information as to the source from which the item is expected to be derived.

are proposed to be expended, leaving a large balance at the close of the year. As a rule the closing balance ought not to exceed 30 per cent of the annual receipts. It is of the utmost importance that all available sums ought to be spent on works useful to the inhabitants.

45. The increase under IV is due to the increase proposed to the salary of Daroga from Rs. 5 to Rs. 7 per mensem and the employment of 3 additional sweepers at Rs. 4 each and of 2 carts at Rs. 8 each instead of 1 at Rs. 10 per mensem. The provision under the head is sanctioned.

46. The provision of Rs. 2,019 made under VIII Public Works for the year 1889--90, which includes an item of Rs. 869 on account of one-third cost of Dispensary building proposed to be built in the town is approved. As there is a large balance still available, the Government consider that more money ought to be spent on works useful to the inhabitants and the Deputy Commissioner is requested to propose further allotments. It is of utmost importance that the money available should be spent as soon as possible so that the inhabitants may see and realize the benefits of the taxes they pay.

47. The increase under XI Miscellaneous in (n) Other items has not been explained, which should now be done.

Chikballapur.

48. The receipts of the Municipality are estimated at Rs. 3,056 against Rs. 3,075, the actuals of 1887--88.

VII	Mohatarfa ...	944	953
X	Miscellaneous ...	824	893
	Total.....	3,075	3,056

49. The increase under I Octroi is due to the increased collections during the first half of the year 1888--89, compared with those of the corresponding period of 1887--38. The estimate will be sanctioned.

50. The falling off of revenue under II Tax on houses is not explained. The omission should be supplied.

51. The item X Miscellaneous includes a new provision of Rs. 45 on account of the Public Works Department mileage allotment for the maintenance of through provincial road within the Municipal limits of the town. Hence the increased estimate under the head.

52. Including the opening balance, the sum available for expenditure during 1889--90 amounts to Rs. 12,873, of which only Rs. 6,063 are proposed to be expended, leaving a large balance at the end of the year.

X	Education ...	753	851
XI	Miscellaneous ...	6	40
	Total.....	2,302	6,063

53. The increase under IV Conservancy is due to the proposed entertainment of a peon on Rs. 5 per mensem. This is sanctioned.

54. Under VIII Public Works, a large sum of Rs. 3,926, including an item of Rs. 1,100 for compensation, is proposed to be spent during the year. The proposal is approved, but the necessity for a large provision for compensation has not been explained, which should be now done. As a large sum is still available, the Government consider that more money

ought to be spent on works useful to the inhabitants. The Deputy Commissioner is therefore requested to propose further allotment under the head.

55. There is nothing to justify the increased provision under XI (d) Rewards to dog and snake killers. The provision however will be retained.

Bagepalli.

56. The income of the Municipality is estimated at Rs. 360 against Rs. 204, the actuals of 1887—88.

57. The falling off of the revenue under I Octroi and the increase under II Tax on houses and VII Mohatarfa have not been explained. This should be done now. As the estimated income under octroi is very small, the President is requested to report whether the tax may not be abolished altogether.

58. The increase under X Miscellaneous is due to the increased estimates under (d) Pounds and (k) Amarayi and is based upon the actuals of the first half of the year 1888—89. The estimates are approved, but the Deputy Commissioner is requested to report from what source the item (k) is expected to be derived.

59. Including the opening balance, the sum available for expenditure during 1889—90 is Rs. 1,087, of which only Rs. 344 are proposed to be expended. The provision under VIII Public Works amounting to Rs. 190 is very small and the Deputy Commissioner is requested to propose further allotment for works out of the available balance.

The estimate is fair but the nature of the item X Miscellaneous (e) Land revenue from which Rs. 15 are newly estimated is not stated. This, the Deputy Commissioner is requested to explain and to report also whether octroi on cloth from which a small income of Rs. 20 is expected may not be given up altogether.

—90 is Rs. 2,268, of which Rs. 589 only are proposed to be expended. The Government consider that the balance as a rule ought not to exceed 30 per cent of the annual receipts or be less than 25 per cent. The Deputy Commissioner is therefore requested to propose further allotment for works useful to the inhabitants of the town.

65. Octroi duty is levied on cloth only in each of the Municipalities of the District. No expenditure is however incurred on account of its collection, as the duty is levied by the Amildars or the Sheristadars at the Taluk Cutcherry without the employment of a separate agency (*vide* para 2 of Deputy Commissioner's No 2583—708, dated 18th February 1889).

66. Except in the Municipalities of Kolar, Mulbagal and Chikballapur, the current year's Budgets enter no estimates on the side of receipts under X Miscellaneous (m) "Contributions" on account of the Public Works Department mileage allotments for the maintenance of through Provincial roads within the Municipal limits of the towns. The Deputy Commissioner is requested to state whether there are no such roads in them and if so why no estimates on account of their maintenance have been shown on the side of receipts.

67. With the foregoing remarks and subject to the explanation called for, the Budgets of the several Municipalities of the Kolar District are sanctioned as shown in the accompanying Appendices A, B and C.

GENERAL.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 31st July 1889.*

READ THE FOLLOWING PAPER:—

Report on the Revenue Administration of the Mysore District for the year 1887—88.

No. 2508--159, DATED CAMP MYSORE, THE 6TH JULY 1889.

REVIEW THEREON.—During 1887—88 survey operations were in progress in the Gundhyet, Channarajagar, Thrumakudlu-Narsipur, Malvalli and Nanjangud Taluk.

The classification was completed in the Seringapatam Taluk.

1. The proportion of land remaining waste was higher in 1887—88 than in 1886—87.

falling off was observable in the areas taken up for cultivation in almost all the Taluks, 3003 acre— against 20,658 in 1886—87.

2. The aggregate income of the 18 minor Municipalities in operation during the year was Rs. 20,121—9—9 against Rs. 22,797—6—7 in 1886—87, showing a decrease of Rs. 2,675—12—4. The receipts of the Mysore Municipality amounted to Rs. 86,974—12—0 against Rs. 92,476—13—7 in 1886—87.

3. During the year under review, cattle disease was prevalent in the District and the number of cattle declined.

The number of horses and ponies however remained stationary, while there was a considerable decrease in the number of sheep and goats.

4. The rainfall of the year varied greatly in different parts of the District from 18.11 at Channarajagar to 44.64 at Mysore. It was heavier than in the preceding year in all the Taluks except Yedatore, Gundhyet, Channarajagar, Mandya and Nagamangala. The out-turn of paddy was good. The ragi crop was generally fair but the yield of jola, dal, ballar, &c., was below the average.

5. The total area under cultivation exhibited an increase of 32,936 acres as compared with the figures of the preceding year. The increase occurred chiefly in the Mysore Taluk, and was due in part to the accurate register of areas by the Survey Department. The decrease in cotton cultivation was large (1,534 acres). The report supplies no explanation on this point.

6. The area utilized for the extension of village groves is not mentioned in the report. Full information should be given on this subject in future reports.

7. Eleven thousand one hundred and nine acres of land were taken up for Gold mining under the Rules of February 1885. No mining was commenced in any of the blocks leased.

Iron was worked as usual in the Malvalli and Heggaddevankote Taluks.

8. The number of looms in the different Taluks was 6,220, of which 4,732 were for the manufacture of cotton goods, 41 for gunny cloths and 1,447 for 'cumblies.'

9. No statistics of trade are given in the report. The account given in paragraph 30 of the report is extremely meagre.

10. The total outlay on minor revenue and police buildings amounted to Rs. 2,093—10—11 against Rs. 700—0—0 in 1886—87.

11. Thirty-two minor tanks in the Mandya Taluk were repaired by the raiyats during the year. Earthworks were in progress on 18 tanks. The area irrigable from them is not mentioned in the report.

*Report of the Government of His Highness the Maharaja of Mysore,
(General),—dated 6th July 1889.*

13. The current demand for the year 1887—88 amounted to Rs. 24,61,697—11—4 against Rs. 22,06,809—13—4 in 1886—87, exhibiting a net increase of Rs. 2,54,887—14—0.

Including the outstanding balance of Rs. 5,16,002 which remained uncollected on the 31st March 1887, the gross demand amounted to Rs. 29,77,699—11—4, of which Rs. 22,91,945—3—10 were collected and Rs. 49,459—9—0 remitted, leaving a balance at the close of the year of Rs. 6,36,294—14—6.

The collections made up to 31st July reduced the balance to Rs. 3,50,008—10—9 distributed as follows :—

	Rs.	As.	P.
Mysore	29,993	5	11
Chamrajnagar	12,377	15	4
Seringapatam	7,768	11	8
Hunsur	19,171	8	11
Yedatore	16,944	4	6
Heggaddevankote	3,553	5	10
Gundlupet	1,570	3	1
Nanjangud	35,966	10	5
Tirumakudlu-Narsipur	6,482	14	9
Mandya	2,724	8	3
Malvalli	2,324	6	1
Attikuppa	7,314	3	0
Nagamangala	6,467	0	7
District Treasury	1,57,344	8	5
Total.....	3,50,008	10	9

The balance must be regarded as unsatisfactory.

Rupees 7,705—4—2 were realized by distraint and sale of property in satisfaction of arrears of revenue as against Rs. 5,865—0—0 in 1886—87. The number of defaulters whose property was actually brought to sale, and the extent of lands sold are not mentioned in the report.

The current demand on account of land revenue for the year was Rs. 14,39,484—5—2 or Rs. 29,945—10—0 more than in 1886—87. The increase was in a large measure due to the settlement of the Mysore Taluk.

The total revenue under the head of "Forests" amounted during the year under notice to Rs. 4,54,441—2—6 or Rs. 1,83,825—1—6 more than that of the year 1886—87. The increase was chiefly in the item of sandalwood.

The Abkari revenue rose to Rs. 2,70,530—3—5 as compared with Rs. 2,33,966—15—11 in 1886—87; the increase was due to higher bids for the leases of toddy.

The stamp revenue showed an increase of Rs. 6,864—15—0 on the previous year, and aggregated Rs. 1,52,571—2—2.

Including an opening balance of Rs. 40,206, the revenue credited to Local Funds aggregated Rs. 1,86,809, of which Rs. 1,47,991 were collected, leaving a balance of Rs. 38,818.

The total revenue credited to Municipal Funds in 1887—88 was Rs. 1,12,965—1—6 against Rs. 1,11,662—11—2 in the previous year.

14. The number of births registered was 18,956, giving a ratio of 18·3 per mille of the population against 15,636 in 1886. Of the children born, 9,811 were males and 9,145 females. The number of deaths recorded during 1887, (exclusive of still-births) was 15,374 as compared with 17,826 in 1886, giving a death rate of 14·9 per thousand against 17·2. Small-pox and fevers were less fatal in 1887 than in the previous year. The total number of deaths from cholera was 107.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 13th July 1889.*

15. The number of dispensaries was increased by two during the year under review. The increase of 3,921 patients admitted shows that these institutions are increasing in popularity.

16. The Muzarayi expenditure increased from Rs. 1,23,761—4—8 to Rs. 1,43,807—11—9.

17. The number of Original Revenue suits rose from 4 to 11. There were 34,766 Miscellaneous Proceedings and 21,614 Petitions, as compared with 27,996 and 17,418 respectively in the preceding year. Revenue work remaining undisposed of at the end of the year was large.

18. The condition of the 'bandhs' is not reported. It is desirable that the annual waste land and boundary mark inspection work done by the Taluk officials should be subjected to a systematic and careful check by the Deputy Commissioner and his Assistants. Very little advance appears to have been made in the matter of rural sanitation.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Mysore District.

CAMP No. 458-66, DATED MYSORE, 13TH JULY 1889.

ORDER.—The Representative Assembly for the current year will, as usual, meet immediately after the Dasara Holidays: the exact dates will hereafter be communicated. The Deputy Commissioners will, as laid down in the Rules of August 1887, select the Members and publish their names by the end of August next.

2. Attention of Deputy Commissioners is invited to Proceedings of the Government, dated 24th August 1888, No. 3878-85—Cir. 113, laying down detailed instructions for their guidance in the selection of the Members for the Assembly.

3. A talukvar list of Members who attended the last Dasara Meeting is annexed.

4. Similar list of Members selected for the current year will be submitted to this Office by the 5th of September next, a copy being sent at the same time to the Deputy Commissioner in charge of the Palace Establishments in Mysore.

R. VIJAYINDRA RAO,
Chief Secretary.

The Deputy Commissioners of Districts.
The Deputy Commissioner in charge of Palace Establishments.

READ AGAIN THE FOLLOWING PAPER.—

From the Chief Secretary, To the Deputy Commissioners of Mysore and Bangalore Districts,
No. 3977-S—187-168, dated 29th August 1888.

In continuation of my letter No. 3149—153, dated 11th instant, I am directed to forward for your information a petition received today from the inhabitants of Mysore protesting against the use of certain insignia by the Guru of the Sivaganga Matt. An examination of the records in this Office shows that the Matt was never granted authority to use the insignia noted in the margin.

Vide Rahadaris issued in 1837, 1839 and 1876. His Highness the late Maharaja, in letter No. 221, dated 21st December 1863, to Captain Pearce, then in charge of Palace duties, declared the right to use the above insignias is vested only in the Guru of Sringeri Matt. Under such circumstances, I am to request you to take steps to prevent the use by the Sivaganga Matt within your District of insignias to which it is not entitled.

2. I am also to request that you will call upon the Matt to submit a full explanation of its conduct in acting contrary to manual in this matter and to show cause why, as a punishment for this offence, the Rahadari issued on 6th April 1888, should not now be cancelled and the Guru required to return to Sivaganga as soon as the "Chaturmasyam" is over.

READ also the following letters from the Deputy Commissioner, Mysore District, submitting documents produced by the Guru of the Sivaganga Matt, in explanation of his conduct in using and claiming the right to use the marginally noted insignias :—

1. Adda Palaki.
2. Makara Toranu.
3. Panchakalasada Sveta Chatri.
4. Dhavala Sankha.
5. Hagal Divatige.

No. 5083—182, DATED BANGALORE, 23RD JULY 1889.

ORDER THEREON.—The orders contained in Chief Secretary's letter No. 3977—187, dated 29th August 1888, prohibiting the use by the Sivaganga Matt of the marginally named insignias, were based upon the letter of His Highness the late Maharaja to Captain Pearce, No. 221, dated 21st December 1863, and partly upon the absence of mention of any of these *insignias* in the rahadaris previously issued to the Sivaganga Matt. The Matt has since produced several documents (some copies, others purporting to be originals) in support of its claim to the insignias in question. The most principal of these are the following, arranged as far as possible in chronological order :—

I. A is a copy of a deed of partition purporting to be made by Sankara Bharati Swami of Sringeri (successor of Narasimha Bharati) on 2nd Vaisakha Suddha of Durnukhi year, dividing the spiritual jurisdiction over Southern India among his five disciples, namely :—

1. Narasimha Bharati.—Vidyanagar Pitha (Virupakshi?) with jurisdiction over the Eastern country up to Srissaila ;
2. Vidyaranya Bharati.—Chandramaulesvaraswami Pitha at Kudli Matt, with jurisdiction over the Northern country up to Bijapur ;

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General);—dated 23rd July 1889.*

3. Chikka Narasimha Bharati.—Vidyasankaraswami Pitha at Kudli Matt, with jurisdiction over the country from Chitrakal to Bhaganagar (Hyderabad?);
4. Abhinava Vidyaranya Bharati.—Amaragiri (Malkal Tripatti?) Matt, with jurisdiction over the country up to Srirangam; and
5. Gangadhara Bharati.—Sivaganga Matt, with jurisdiction over the Karnataka country between the Tunga Bhādra and Cauvery.

It is not clear what has become of the original of this document, and it is difficult at first sight to identify the Durmukhi year in which it purports to have been written. There are several Narasimha Bharatis in the list given of Sringeri Gurus in Rizzo's Gazetteer, Volume I, page 380, as follows:—

No. 1. Narasimha Bharati,

There is no Sankara Bharati in the Sringeri list, in which No. 6 Narasimha Bharati's successor is named as Satchidananda Bharati, who occupied the Sringeri Pitha from $\frac{\text{S. S. 1545}}{\text{A. D. 1622}}$ to $\frac{\text{S. S. 1586}}{\text{A. D. 1663}}$. The years of the Christian era corresponding to the Durmukhi year in the 15th, 16th and 17th centuries are 1416—17, 1476—77, 1536—37, 1596—97 and 1656—57, and it is probable that the Narasimha Bharati by whose successor (Sankara Bharati) the document in question purports to have been written, was No. 6 in the above list, his successor at Sringeri being Satchidananda Bharati, and at Kudli, Sankara Bharati. According to this hypothesis, the Durmukhi year, the date of A, was $\frac{\text{A. D. 1656—57}}{\text{S. S. 1579}}$. This conclusion receives remarkable confirmation from a document dated 1593 (1595?) of Salivahana Sakha (Paridhavi) printed at page 29 of the printed pamphlet submitted by the Sivaganga Matt. This document shows that both Sankara Bharati and his Kudli disciple Narasimha Bharati (No. 1 in the partition deed) and his Sivaganga disciple Gangadhara Bharati (No. 5 in the partition deed) were all alive in $\frac{\text{S. S. 1593 (1595?)}}{\text{A. D. 1670 (1672?)}}$ and that Sankara Bharati, on being referred to, stated to the people of Hyderabad the details of the division as recorded in A executed in the previous Durmukhi year $\frac{\text{S. S. 1579}}{\text{A. D. 1656—57}}$.

II. B is a copy of an order issued by Keladi Basavappa Naik to Venkanna, dated 5th Kartika Suddha of Rudhiredgari year. In this mention is made of a Swami of the Sringeri Matt who went on a pilgrimage and did not return for many years. On his return he found that another Swami had been elected for Sringeri and he therefore stationed himself at Kudli, and complained to the then Keladi Chief

* S. S. means Salivahana Sakha.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 23rd July 1889.*

who decided that the election at Sringeri was malicious, that the Swami who had returned to Kudli from pilgrimage should have spiritual jurisdiction and that the one elected at Sringeri as his successor should perform the *pūja* of Saradamba and other ceremonies at the Matt at Sringeri. Keladi Basavappa Naik recognizes this arrangement in the document in question, but it is not expressly stated when and in whose reign that arrangement took place. From the context of B it may however be inferred that it took place in the reign of one of Basappa Naik's predecessors. From Inscriptions which have been examined, the following genealogy of the Keladi Chiefs is deducible—

Sivappa Naik ..	...	{ A. D. 1648—S. S. 1571 Sorradhari
		{ A. D. 1653—S. S. 1576 Vijaya.
Somashekhar Naik	...	{ A. D. 1667—S. S. 1590 Piyavanga.
		{ A. D. 1671—S. S. 1594 Virodhakritu.
Basappa Naik ...		A. D. 1713—S. S. 1636 Vijaya.
Somashekhar Naik	...	A. D. 1722—S. S. 1645 Subhakritu.

The years given above are those in which these kings were alive as proved by Inscriptions. The Rudhiredgari year which is the date of the document B must therefore be $\frac{A. D. 1653}{S. S. 1595}$. Between A and B there was thus an interval of 27 years.

A longer interval is not probable, for, if we take the Rudhiredgari of the next preceding Cycle, the interval would be 87 years which would take us to $\frac{A. D. 1596}{S. S. 1519}$ as the date of A, that is to say 36 years after the foundation of the Keladi Raj. From documents A and B and the information regarding the succession of Gurus at Sringeri, the following facts may be gathered:—

- 1st. Abhinava Narasimha Bharati of Sringeri (A. D. 1599 to 1622) returning from a pilgrimage found a successor elected in his absence at Sringeri.
- 2ndly. The successor so elected Satchidananda Bharati (A. D. 1622—1663) was allowed to remain at Sringeri while Abhinava Narasimha Bharati remained at Kudli and exercised spiritual jurisdiction over the country during the remainder of his life time.
- 3rdly. Abhinava Narasimha Bharati's successor at Kudli named Sankara Bharati, in A. D. 1656—57, made a partition of spiritual jurisdiction among his five disciples, and
- 4thly. Sankara Bharati of Kudli and Satchidananda Bharati of Sringeri were disciples of the same Abhinava Narasimha Bharati (A. D. 1599—1622)

III. C is a most extraordinary document. It is alleged to be Kanthirava Narasaraaj Wodeyar's Nirup to Apprameya Hebbar, administrator of the country, dated 5th Kartika Suddha of *Jaya* year. It purports to be an original Nirup and recites and confirms grant (Sesana) made by a "Hiri Kartar" (former sovereign) to the Sivaganga Matt recognizing the right of that Matt to the use of certain insignias and honors which formerly belonged to Sri Sankarachariar and which the said Sankarachariar transferred to the Sivaganga Matt. Among the insignias named, the following occur:—

1. Adda Palaki.
2. Hagal Divatige,
3. Panchakalasada Chattri,
4. Makara Torana,
5. Nagari, and
6. Naupat.

Kanthirava Narasaraaj Wodeyar's reign was from Bahudhanya $\frac{S. S. 1561}{A. D. 1638}$ to Vikari $\frac{S. S. 1582}{A. D. 1659}$. Therefore the *Jaya* year of the Nirup must be $\frac{S. S. 1577}{A. D. 1654-5}$. If genuine, the Nirup is fully 235 years old now, but it has a very modern appearance

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General),—dated 23rd July 1889.*

both in the characters used and in the flowing style of writing employed. Moreover no such *Nirup* could possibly have been issued before the partition referred to in document A; the date of which is Durmukhi ^{S. S. 1573} _{A. D. 1656—57} (*Vide* remarks on A,

B and D). Before the last named year there was in existence no Sivaganga Matt with spiritual jurisdiction over any part of the country, and therefore not only Kanthirava Navasaraj Wodeyar could never have written any such *Nirup* as C in Jaya ^{S. S. 1577} _{A. D. 1654—55}, but there could never have been any "*Sasanam*" of a *Hiri Kartar* as therein alleged. Numerous documents on which the Sivaganga Matt based its various disputes with the Sringeri Matt have been produced before Government authorities from time to time ever since the beginning of the century, and it is in the highest degree improbable that so important a document as C would, if genuine, have been kept back till now. The story of the alleged sudden discovery of this valuable document among the old records of the Matt is most incredible. Under such circumstances, the Government are of opinion that this document C is clearly a forgery.

IV. D is a copy of a Circular order purporting to have been issued by Dalavayi Devarajaiya dated 13th Jostha Suddha of Nala year. The effect of this document is to recognize the alleged settlement made by the Nager Rajas restricting the Swami at Sringeri to the puja, &c., at Sringeri and allowing the Kudli, Sivaganga and other Matts jurisdiction over the whole country in all spiritual matters. The document refers to a settlement made by Dalavayi Kumarappa in the year Durmukhi ^{S. S. 1639} _{A. D. 1716} when returning from Madura, and the purport of that settlement is said to have been in accordance with the decision of a Panchayat held at Bidarur (Bednur or Nagar) in the year Saumya ^{S. S. 1592} _{A. D. 1669}, and that that Panchayat were again guided by a former decision in the reign of Somasekhara Naik of the Keladi dynasty. This document which is rather incoherently worded is only useful as showing that there were disputes between Satchidananda Swami of Sringeri and Narasimha Bharati of Kudli regarding spiritual jurisdiction and that they were decided in favor of the latter. This Narasimha Bharati of Kudli Matt must have been No. 1 named in A as the disciple of Sankara Bharati and not Sankara Bharati's Guru Narasimha Bharati. It is important to remember that the partition as recorded in A was made not by the last mentioned Narasimha Bharati, but by his Kudli disciple Sankara Bharati. But there are strong reasons for discrediting the action assigned by document D to Dalavayi Kumarappa in Durmukhi year. In the first place, it does not appear that he ever went to Madura though he had been sent by Chik Devaraj Wodeyar to Trichinopoly. He held the Dalavayiship from Plavanga ^(S. S. 1590) _(A. D. 1667) to Dundubhi ^(S. S. 1605) _(A. D. 1682), and there was no Durmukhi in that interval of 15 years. ^{S. S. 1579} _{A. D. 1656} was a Durmukhi and it was the date of A and the next Durmukhi was in ^{S. S. 1639} _{A. D. 1716}. The Nala year in which document D purports to have been written was ^{S. S. 1659} _{A. D. 1736—37}.

V. E. This is the next document of any importance. Like C it is also an original and purports to be a *Nirup* issued by Hyder Ali Khan to the Sivaganga Matt on 5th Chaitra Suddha of Vilambi year ^(S. S. 1701) _(A. D. 1778—79). It refers to the constitution of the Sivaganga Matt by Sankara Chariyar and to "*Hiri Kartar's*" *Sasanam*, and Kanthirava Navasaraj Wodeyar's *Nirup*, and directs in accordance with the last named document, that—

1. Adda Palaki,
2. Chatri and Chamara,
3. Makara Torana,
4. Nagari,
5. Naupat,
6. Hagal Divatige, &c.,

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(General).—dated 23rd July 1886*

may be used by the Guru of the Sivaganga Matt. This document, like C, has a very suspicious appearance, and the arguments similar to those given regarding document C, this also must be rejected as being a fabrication. It is indeed a continuation, as it were, of C.

2. Having thus most carefully considered the evidence adduced by the Sivaganga Matt in support of its claim to the insignias mentioned in the margin, the Government of His Highness the Maharaja are of opinion that there is no proof whatever of the rights and privileges claimed by the Matt, and the claim is accordingly rejected.

1. Adle Palati
2. Makara Bhatta
3. Panchakshaya Chakra
4. Dhruva Samudra
5. Nagal Divatige.

The Government are willing to believe that the documents C and E have been concocted and put forward for the purpose of the present claim without the knowledge of the claim, but that they have been put forward by men entrusted with the management of the Matt is a fact from which the Guru must draw such a lesson as will induce him to establish a more respectable management of the affairs of the institution of which he is the head.

3. The Guru is of course at liberty to travel back to Sivaganga under the Bahadani on 6th April 1888, but without using any of the five insignias in question, and the Deputy Commissioners, Mysore and Bangalore, will be requested to take the needful steps accordingly.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

Appeal No. 208 of 1889--90.

Appellant.

Timmai Canda,
Patel of Agara, Bangalore Taluk.

Dated Bangalore, 4th July 1889.

Decision.

The Appellant in this case is the Patel of Agara Village, Kengeri Hobli of Bangalore Taluk. He was accused of having unauthorizedly felled a tree that stood on a Sarkar land and of having feloniously removed certain stone pillars of a Government mantap. The Amildar of Bangalore held an enquiry on the revenue side and submitted the proceedings to the Deputy Commissioner, who, by an order dated 2nd February 1889, fined the Appellant in the sum of Rs. 25 and further directed him to pay Rs. 5, as the value of the tree and stones removed. Against this order, the present appeal has been preferred.

The order of the Deputy Commissioner is very brief. It simply states that the Appellant is to blame and is therefore fined. Where, as in this case, a responsible Village officer like the Patel is accused of the very serious offence of theft or misappropriation of Government property, it is necessary, for the ends of justice, that the accused should be prosecuted criminally before the proper tribunal; but, instead of adopting such a course, the matter was dealt with summarily in a miscellaneous revenue proceeding and disposed of by an order which does not set forth clearly either the facts proved or the findings arrived at in respect of the specific charges preferred against the accused.

On a perusal of the evidence recorded in this case, it is observed that the alleged removal of the tree and stones took place nearly 3 years ago, and that the matter was brought to the notice of the Amildar by one Karitamma more than a year after the alleged commission of the offence. The facts elicited during the cross examination of complainant and his witnesses and the records of certain criminal cases filed in this case show that there are two factions in the village, that the complainant is not on good terms with the accused and that some of the principal witnesses for the prosecution have either instituted complaints or given evidence against the accused. If, as alleged by these witnesses, they had actually witnessed the removal of the tree and stones and had reason to suspect that the removal was unauthorized and fraudulent, it is not satisfactorily explained why no complaint was made forthwith. The evidence is not only discrepant and conflicting but the character of the witnesses is also such as is calculated to destroy their credit altogether. Under these circumstances, His Highness' Government is unable to uphold the Deputy Commissioner's order, which is hereby reversed. The fine and the value of the tree, &c, if recovered, will be refunded to Appellant.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

Appeal No. 2626 of 1887-88.

Appellants.	Vs.	Respondents.
Narasambhatta and other raiyats, Dabbanboranballi in the Taluk of Shikarpur.		Chennabapanna, Muddappa and others of Shankalapur.

Dated Bangalore, 4th July 1889.

Decision.

This is an appeal against the order of the Deputy Commissioner, dated 29th September 1886, allowing the Respondents, the raiyats of Shankalapur, to graze their cattle in the free pasturage lands of the village of the Appellants, and ordering the assessed waste lands of the village to be divided between the Appellants and Respondents.

The Respondents who hold kandayam lands in the village of the Appellants, claimed in 1875 the right of grazing their cattle in the pasture lands of the village of the Appellants. The Amildar who enquired into the matter, rejected their claim on the ground that they did not live in the village, and had, therefore, no right to graze their cattle in the pasture lands. In 1883, the Respondents repeated their claim, and the Deputy Commissioner, after making several endeavours to settle the matter amicably, decided, in 1885, that the Respondents should be allowed to graze their cattle in the free pasturage lands of the Appellants' village; and that the assessed waste of the village should be divided between the Appellants and Respondents for purposes of pasturage. The appeal is against this order.

Shamanna, one of the Appellants present, states that there is no objection to the Respondents getting a portion of the assessed waste of his village for the purposes of pasturage, but that they are not entitled to any portion of free pasturage lands.

The Respondents are unable to adduce any reasons why they should be allowed to graze their cattle in the village of Appellants. They merely state that the free pasturage lands of their own village are inadequate.

The Government observe that the free pasturage lands of the Appellants' village have been assigned by the Survey Department. The right of grazing cattle in these lands therefore vests, under Section 40 of the Revenue Code, in the Appellants only, and the Respondents, who are not the inhabitants of the village, have no right to it. The Deputy Commissioner's decision, so far as it relates to the Respondents' right of grazing in the free pasturage lands of the Appellants' village, is therefore cancelled. As regards the use of the assessed waste, all the raiyats of the village, whether they are the inhabitants of the village or not, are entitled, but the use must be regulated with reference to the assessment paid by the several raiyats. The Government have no information as to the area of the land held and assessment paid by the Appellants and Respondents respectively. The Deputy Commissioner will therefore be requested to divide the assessed waste between the Appellants and Respondents in proportion to the assessment paid on the lands in the village by each of them; of course on the distinct understanding that, if there should be any application for the cultivation of the lands, the present division will be no bar to the applications being granted.

By Order,

C. MADIAH,

Under-Secretary.

JUDGMENTS IN REVENUE APPEAL CASES.

JULY 1889.

Subject and Order.	Date of Order.	Date of previous Orders
Special Appeal No. 2865 of 1888—89. Lingegauda (Special Appellant, Original Plaintiff.) <i>Vs.</i> H. Siddappa and Subbegauda (Special Respondents, Defendants.) Special Appeal against the decision of the Deputy Commissioner, Chitaldroog District, which directed that the Plaintiff's claim for the Pateli office of Iknur and Tirumalapura villages in the Iliriyur Taluk was unsustainable inasmuch as the authenticity of the karar alleged to have been executed in favor of Plaintiff by the first Defendant's late father Siddegauda and under which it was sought to claim the office was not satisfactorily established. The points at issue were (1) whether or not the karar is genuine and (2) whether the actual enjoyment of the office is favorable or adverse to Plaintiff. <i>Decided that—</i> The karar having been found to be not a genuine document and the enjoyment for more than 23 years of the office in dispute by first Defendant and his late father having been admitted, Plaintiff's claim to the office is barred and inadmissible. Deputy Commissioner's decision confirmed. Special Appeal dismissed. —	4th July 1889.	
Appeal No. 2762 of 1886—87. Appellant.—Kumarappa, late Shanbhog of Tirumane in the Paravada Taluk, Tumkur District. Appeal against the decision of the Deputy Commissioner of Tumkur, dated 17th September 1885, dismissing the Appellant from the office of Shanbhog of Tirumane village on the grounds that he certified that there were no trees on a dry land applied for by his son while it was subsequently found that there were stumps of six trees cut apparently two months previous to the darkhast and that he fraudulently erased a remark in the Pahani Book for 1884—85, and appointing a collateral member of the family to the office. The point at issue was whether there was any distinct proof that Appellant knew of the existence of the trees on the land when he made the certificate and that he erased the remark in the account. <i>Decided that—</i> In the absence of any distinct proof that Appellant knew of the existence of the trees when he made the certificate and that he erased the remark in the account, Appellant need not be permanently deprived	Do

	ed of his hereditary office, Appellant's son Timmappa be appointed Shanbhog and Appellant allowed to appoint a competent man to discharge the duties on behalf of the minor son till he attains his majority. Deputy Commissioner's decision modified. Special appeal allowed. ----- Special Appeal No. 108 of 1889—90. Ramappa by his mother and } Special Appellant, guardian Atchamma. } (Original Defendant.) V's. Venkatsubbaiya. Special Respondent (Original Plaintiff.) Special Appeal against the decision of the Deputy Commissioner of Chitaldroog District, reversing that of the Court of first instance, which directed that Plaintiff was bound by the act of his guardian which was in conformity with the terms of the deed of 1870 and which consisted in the guardian consenting to the registry of Defendant's name as the Shanbhog of Palavanahalli, one of the four villages in the Hiriur Taluk, of which Plaintiff's maternal grand father Venkappa was the hukdar, who transferred his hak in the four villages entirely to the Plaintiff. The point at issue was whether Plaintiff was bound by the act of his guardian. <i>Decided that—</i> The guardian who was only Plaintiff's Gumasta and as such bound to protect the interests of his ward, could not bind Plaintiff by any acts which were prejudicial to Plaintiff's right. The guardian who knew that Defendant's father was only a Gumasta could not legally consent to Defendant being appointed as Shanbhog of Palavanahalli so as to deprive Plaintiff of his hak. Deputy Commissioner's decision confirmed. Special Appeal dismissed. ----- Appeal No. 2233 of 1888—89. Dade Rao of Mysore.—Appellant. V's. Basavanna.—Respondent. Appeal against the decision of the Deputy Commissioner of Bangalore, which while declaring the Petitioner (Appellant) to be the hakdar of the office of Shanbhog of the Archalli village, Hoskote Taluk, allowed Respondent $\frac{1}{4}$ share in the emoluments of the office on the ground that he had obtained the $\frac{1}{4}$th share by alienation. The point at issue is whether an alienee is entitled to by reason of the $\frac{1}{4}$th share of the office belonging to him by alienation, to officiate as Shanbhog. <i>Decided that—</i> The Respondent who is only an alienee of $\frac{1}{4}$th share of the office is not entitled to officiate, the Petitioner who owns the largest share in the office is entitled, as he desires to appoint a Gumasta to do the duties of the office. Deputy Commissioner's decision reversed.	11th July 1889.

JUDGMENTS IN REVENUE APPEAL CASES.

Subject and Order.	Date of Order.	Date of previous Orders.
Appeal No. 190 of 1889—90. Mysore Boregauda of Sargur, } Appellant. Heggaddevankote Taluk. This is appeal against the order of the Deputy Commissioner of Mysore, dated 8th July 1888, directing the land granted to petitioner on Darkhast 1886 to be struck off his khate. The point at issue is whether the grant of land on the misrepresentation that it contained no tope well, &c., on it should be upheld when it is found on enquiry that it contains a well, a pond and a tope and that it is required for the use of the cattle of the village and especially when the land has not been cultivated and consequently has caused no loss to the grantee. <i>Decided that—</i> The land in question having been granted to Appellant on the misrepresentation of the Shauhbog that it contained no trees, &c., while it actually contained a well, a pond and a tope and it being required for the use of the cattle of the village and further the land not having been cultivated by the appellant, the grant is cancelled. Deputy Commissioner's decision confirmed. Appeal dismissed.	19th July 1889.	
Appeal No. 2648 of 1888—89. Gaalapuraya of Hallagur, } Appellant. Heggaddevankotte Taluk. Appeal against the order of the Deputy Commissioner of Mysore, dated 14th January 1889, removing Petitioner from the office of Patel of Hallagur and appointing one Raje Ars in his stead. The point at issue is whether an official of bad character who has no lands or house in the village and whose appointment is not desirable in the interests of the village community, can be retained in office especially when he has no hereditary claims to the office. <i>Decided that—</i> The Appellant having been found by two Assistant Commissioners and two Deputy Commissioners to be a man of doubtful character and to possess no house or lands in the village and also not to have any hereditary claims to the office of Patel cannot be reinstated. Deputy Commissioner's decision confirmed. Appeal dismissed.	22nd do
